Call Us

The packaging vertical of Arka Solutions Pvt Ltd was created in 2018 from Ghaziabad to set on the unique mission of paving the way for sustainable living in everyday life. Here at we sell a variety of non woven products that are not just economically viable but also recyclable, environmentally friendly and are suitable for a number of different uses. Our carry bags are available in a number of sizes and shapes (W Cut, D Cut, Loop Handle, Box Bag, Pouches Etc.) Apart from Carry bags we also manufacture Shoe bags, laundry bags, pillow covers, new paper bags etc. We customize these items with your name and logo printed on them.

If you are looking for non woven products for an event, your shop or business, then we can help. With our expert knowledge and advice in the industry, we are confident that we can help you find both retail and wholesale bags to suit your requirements.

Experience: • Founder Director at Arka Solutions Pvt Ltd. • Marketing Manager with Shell India Markets Private Limited • Prior to this Siddharath worked with Hindujas and TVS groups.

WHY NON WOVEN BAGS

No doubt paper bags are among the popular choices, however, due to their low water resistance, strength, frequency of use and the amount of energy required to recycle them makes them less favourable. Similarly paper bags are expensive and they put high stress on industrial process to manufacture and recycle them. It is no secret that polyethylene bags have been proven to be a curse on our fragile environment hence leading to its ban by several states. A non Woven bag addresses these issues.

USP

Benefits of Non-Woven bags

- Non-Woven bags not just economical, but more importantly, they go easy on the environment as well. The main reason for their eco-friendly nature is because non-woven bags are easy to manufacture and are easily recyclable.
- These bags are permeable, that means they allow air and water to freely pass through them. Hence they don't clog the water bodies.
- These bags can be reused for an umpteen number of times. Greater reusability of these bags is derived from the fact that it's sturdy (Yes, it can take the weight of all your shopping) and easily washable.
- They are lightweight and easily foldable.

The multi-purpose function of these bags makes them ideal for versatile uses. Grocery bags, bakery/ confectionary bags, garment bags, stationary bags, shoe bags, storage bags, tote bags, gift bags are just a few top of the mind uses. With the right colour, graphics and content, you can also promote your organization with a customized branding on these bags!
