DEEPAK[®]
The Guiding Light

V A L V E S

Company Profile

'DEEPAK' was launched by **CHOPRA BROTHERS** in late 1960's and copyrighted later. The manufacturing plant is located at Jalandhar city of Punjab in North India. **DEEPAK** valves became famous for its unique shape of sluice-gate valve which was later adopted by many other companies. After years and years of hard work and dedication, the company now offers its customers with a wide range of flow control equipments which are manufactured at its modern production facilities.

Today, **DEEPAK** make butterfly valves, ball valves, check valves, globe valves, gate valves, foot valves, strainers etc are one of the finest valves available in the country.

We have superlative manufacturing techniques and testing facilities. Each **DEEPAK** product is made from the finest of materials and is subjected to stringent checks while being continually inspected by qualified personnel at each stage.

Engineers at **DEEPAK** valves are constantly working on fulfilling the quality commitment we make and simultaneously keep on improving further by developing new designs and production technologies.

The Company maintains **5 ISI licenses** and certifications/approvals from various reputed organizations like **ISO, Fire Protection Association of India, Maharashtra Jeevan Pradhikaran, Chennai Metro Water** and many more.

Our Niche Client List Includes

And many other A listed industries and construction companies of India

C.I. SLUICE VALVE ISI MARKED PN 1.6 "DEEPAK" [Code 501]

WITH DROP FORGED STAINLESS STEEL SPINDLE WITH G.M. WORKING PARTS

Size in mm	50	65	80	100	125	150	200	250	300	350	400
Price ₹	4,720	5,710	6,840	9,190	12,025	14,415	26,535	40,390	50,830	87,410	1,10,600

(15% Extra for Forged Brass Stem)

D.I. RESILIENT SEATED GATE VALVE "DEEPAK" [Code 502]

Size in mm	50	65	80	100	125	150	200	250	300	350
Price ₹	4,850	6,080	7,245	9,700	12,625	15,250	27,950	42,700	65,500	1,11,500

C.I. NON RETURN VALVE ISI MARKED PN 1.6 "DEEPAK" [Code 503]

Size in mm	50	65	80	100	125	150	200	250	300	350
Price ₹	3,800	4,700	5,660	7,680	11,155	13,600	22,500	37,540	46,580	82,600

(10% Extra for metal to Metal Seat)

C.I. DOUBLE ACTION AIR VALVE [Code 504]

Size in mm	40	50	80	100	150	200				
Price ₹	3,160	3,170	5,300	7,505	13,030	19,860				

C.I. PLAIN END SLUICE VALVE (Code-505)

Size in mm	50	65	80	100	125	150	200			
Price ₹	4,250	5,315	6,120	8,160	10,970	13,175	28,475			

Y TYPE STRAINER (Code 506)

Size in mm	50	65	80	100	125	150	200			
Price ₹	2,840	3,910	4,550	6,510	9,975	12,050	24,300			

FLANGED FOOT VALVE [Code 507]

Size in mm	50	65	80	100	125	150					
Price	2900	3,555	4,200	5800	8825	9875					

BUTTERFLY VALVE ISI MARKED PN 1.0/1.6 "DEEPAK" (DI DISC) [Code 508]

Size in mm	25	40	50	65	80	100	125	150	200	250	300
Price ₹	1,325	1,340	1,370	1,615	1,830	2,325	3,230	3,400	6,100	10,920	13,840

[5% Extra PN 1.6 Rating]

BUTTERFLY VALVE ISI MARKED "DEEPAK" GEAR OPERATED (DI DISC) [Code 509]

Size in mm	200	250	300	350	400	450					
Price ₹	8,455	13,465	16,700	27,825	36,970	45,425					

[Spare gears available on request. 5% extra for PN 1.6 rating]

BUTTERFLY VALVE ISI MARKED PN 1.0/1.6 "DEEPAK" (SS DISC) [Code 510]

Size in mm	25	40	50	65	80	100	125	150	200	250	300
Price ₹	1,625	1,635	1,670	2,050	2,280	2,830	4,000	4,300	7,970	13,920	18,630

[5% Extra PN 1.6 Rating]

BUTTERFLY VALVE ISI MARKED "DEEPAK" GEAR OPERATED (SS DISC) [Code 511]

Size in mm	200	250	300								
Price ₹	11,400	16,170	21,070								

[Spare gears available on request. 5% extra for PN 1.6 rating]

BUTTERFLY VALVE ISI MARKED "DEEPAK SLIMLINE" [Code 512]

Size in mm	25	40	50	65	80	100	125	150	200		
Price ₹	1,180	1,190	1,200	1,470	1,640	2,140	2,525	3,000	5,230		

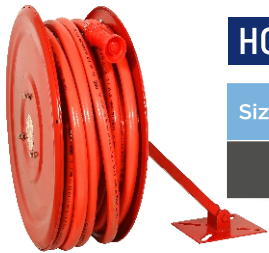

BRANCH PIPE NOZZLE "DEEPAK" [Code 519]

Size in mm	63						
Price	2,120						

MALE-FEMALE COUPLING "DEEPAK" [Code 520]

Size in mm	63						
Price ₹	2,540						

HOSE REEL DRUM 30m PIPE [Code 521]

Size in mm	20 - NOZZLE						
Price ₹	7,020						

RRL HOSE CANVAS 15m [Code 522]

Size in mm	63						
Price ₹	6,225						

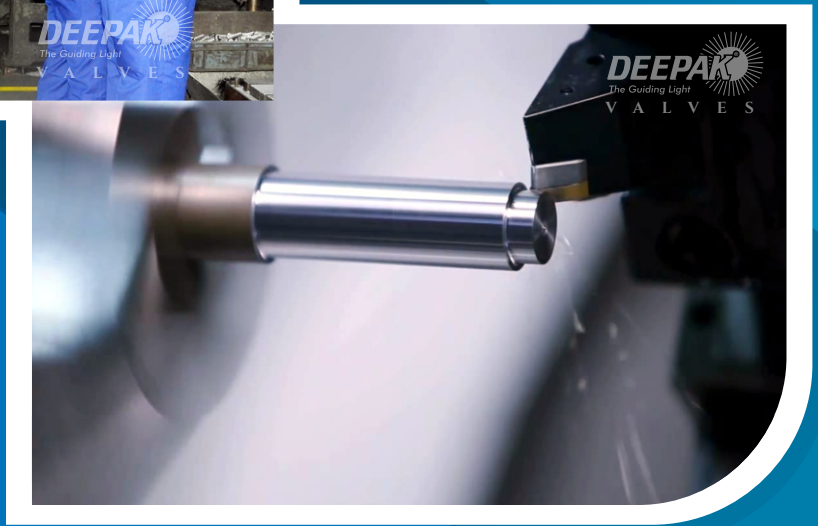

D.I. Resilient Seated Gate Valve

“Efforts mixed with ultimate engineering resulting in the perfect flow control products for the toughest conditions possible”
