Established in 2007, Shyam Metals & Alloys is a renowned manufacturer, exporter and supplier of the best aluminium sheet, beams and girders, metal and metal products, pipe ies, and plumbing and pipe fittings. The products undergo different quality tests at all levels before they are offered to the end user.

Shyam Metals & Alloys keeps a wide stock of inventory, which helps us execute client needs of any size within a predetermined time. We have a powerful sales and distribution network that allows professional marketing in India and all over the world. Our constant efforts to provide industrial solutions have helped us become a leader in this field.

Our Goal

Our goal is to give our customers the most effective possible solution to meet their different needs and to give them the opportunity to get the newest product matching market trends. We are 100% committed to excellence and provide third-party examination reports. We apply the same technique not only to Indian clients but also to overseas clients.

The whole range of products is being manufactured by using top-grade raw materials that are collected from trustworthy vendor bases in the industry. We have engaged a team of highly knowledgeable and expert procurement agents. They make sure to source these products from the best makers in the industry. They are recognised for making use of the latest and most refined machinery and equipment to make the products.
