ABOUT OUR COMPANY

NAILLESS BOXES is your packaging partner, which develops out-of-the-box solutions to reduce the cost of packaging and increase the safety of your product. Having knowledge of wood and plywood from past 38 years, we know the best solutions for a given packaging task. Having thorough knowledge of raw materials and their reliable sources, we ensure "Zero-defect" materials. Having a huge range of products, we offer the best suited solutions to each of our client.

We have our manufacturing units in Pune and Delhi. We offer a wide range of Packaging Products such as Packaging Boxes, Packaging Crates and Packaging Pallets. To manufacture our products, we use premium raw material such as white faced plywood which is accepted internationally for packaging along with galvanized steel sourced from reputed companies like TATA and SAIL. We mainly cater to the bulk needs of automotive industry. Our products are made in compliance with high quality standards of the industry and thus highly demanded in the industry.

We are focused on developing innovative designs for our products which can fulfill all the needs of packaging while keeping safety of the products in mind. Along with this, we also give consideration to the aesthetics and cost of the packaging. We believe in customer satisfaction, and hence we keep transparency in our operations and make sure to deliver the orders on time. We have immense expertise in custom designing and provide our products as per the requirements of the clients.

Prolonged experience:

Having experience of over 37 years in wood and plywood industry, experience of more than a decade in packaging industry and of over six years experience in vendor management and I.T. industry, we have become well versed in all the areas of business.

Transparency:

"The biggest strength of any relationship is trust, and trust develops with transparency. So, we believe in maintaining complete transparency at every stage of business which starts from product development to sharing of cost break-ups and the exact position of dispatch status. We believe in never to hide or misrepresent the facts."

On time / Just-in-time deliveries:

Having a long experience of working with export oriented units and OEM's, we completely understand the importance of timely deliveries. We ensure that the deliveries will be as per the schedule given by our customers. We supply the material on JIT basis without any failure.

Zero-Faliure Assurance

We manufacture the boxes within a pre-determined system, ensuring checks at every stage. From the very first step of cutting the plywood, we are backed by self checking systems at each and every step. Every part of a box goes through at least four checking jigs/fixtures, enabling us to get an end result of zero-failure product.

Minimum Tolerances:

We have developed a habit of working with minimum tolerances. Our boxes comes with as low as +/- 1 mm tolerance, thereby giving a fully matched box from all sides.

PRODUCTS WE DEALS IN

Nail-less boxes

We offer a wide range of nail-less boxes, which are being used for many years in the automotive component industry. We are very well-known manufacturers of nail-less boxes for crank-shafts, cylinder heads, cylinder blocks, fly wheels, engines and various other components. We have different concepts in nail-less box range, which can be classified into returnable boxes, collapsible boxes, modular boxes (with all sides loose, which can be assembled at client's end). These boxes are light in weight, attractive, easy to assemble/de-assemble (only takes 1-2 minutes to assemble/de-assemble) and are accepted all over the world.

Plywood Pallets

We offer Plywood Boxes. Our range is widely used to transport variety of goods and is appreciated by the clients for durability and safe storage. We are identified among the most trusted Manufacturers and Suppliers of Plywood Packaging Boxes in India. We render superlative Plywood Storage Boxes that are uniquely designed to cater to the requirements of various segments for shipping. These are available in diverse shapes as well as sizes.

Bulk Packaging Boxes

Owing to the efforts of our qualified professionals, we have been constantly active in supplying a wide array of Bulk Packaging Boxes, which is widely used for packaging purposes in different industries. These boxes provide cost-efficient packaging of multiple products in one single box without getting in contact with each other. Entire range is carefully designed using the high quality raw material and the latest technology as well as in accordance with the industry quality standards.

Wooden Crates / Boxes / Pallets

We offer a wide range of Wooden Crates/Boxes extensively used to facilitate swift and safe transportation of manufactured goods. With high strength, these wooden crates are able to sustain heavy pressure. The manufacturing of these boxes is done using optimum quality woods, pins and glue for making them usable at distilleries and in machine packaging. Along with this, we also provide customization as per the exact specification provided by the customers.

Fibre board angles

With reputed place in this domain, we are engaged in offering a wide range of Fibre board angles. These are manufactured using optimum grade and environment friendly raw material and the latest machines and advanced technology. These angles can withstand massive loads kept above them. These can be customized as per the customer's requirements. Various options available are 5.5 mm, 8 mm and 11 mm thicknesses in flange sizes of 50x50, 75x75, 50x75, 100x100, 75x100 and so on. Length of these angles is available up to 2.4 meters.

Premium Grade Laminated Boxes

We bring forth an attractive assortment of Premium grade laminated boxes, which is designed by our skilled workers employed to finish the whole production procedure in a flawless manner. Clients can avail these boxes in different sizes, colors and dimensions as per their varied requirements. Furthermore, in order to maintain unquestionable quality standard, we use quality raw material that is stringently tested on various parameters.

UNIT-I

Incorporated in the year 2009, Dynamic Sales Corporation is a remarkable Manufacturer and Supplier of Packaging Products in Nangloi, Delhi. We offer a wide range of Packaging Products that includes Packaging Pallets, Packaging Crates and Packaging Boxes. While our family has been in timber and plywood trade from past 37 years, we have also been into packaging business from last one decade. Mr. Manit Goel, Owner of the company, has taken the company to sky scrapping heights of success despite of many hurdles.

We have expanded over an area of 10,000 sq. feet where we have state-of-the-art manufacturing facilities. We have installed advanced machinery including a complete set of machines to manufacture steel and plywood boxes. This has enabled us to improve our production capacity to 20,000 boxes per month"

UNIT-II

Keeping in view the growing requirements of our customers and having a huge client base in Maharashtra and Karnataka, we have started a new unit in Chakan, Pune (Maharashtra) in the month of December'2013. Being a partnership unit, this facility is enriched with the ideas from Mr. Manit Goel and Mr. Vivek Vilas Bichkar.

This unit is spread in an area of 11,000 sq. feet and has all the machines required to produce the quality boxes. Installed capacity in this unit is 20,000 boxes per month, which will be increased to 50,000 boxes per month in the near future"

BRIEF INTRODUCTION OF THE OWNER / PARTNERS

Mr. Manit Goel is a Commerce graduate having a B.Com (Hons.) degree from Delhi University and also has an Interior designing degree from IIFT, Delhi. Since his childhood, Mr. Manit has seen timber and plywood business, which was his family business. So, he is well verse with every minute details of this business. He has been in packaging industry since 2003 and has worked with many big companies manufacturing packaging boxes. He has been working for big clients like India Yamaha Motors Limited, Surajpur (U.P), Hero Honda Motors Ltd. (Gurgaon and Dharuhera Units), Suzuki Motorcycles India Limited (Haryana), Sunstar Precision Forge (Noida – U.P.), Everady Batteries (Haridwar) and many others. He has an innovative mind and has been developing out of the box solutions for these companies and has provided huge cost saving packaging solutions in the past.

Mr. Vivek Vilas Bichkar is a finance professional graduate with an MBA in Finance & IT from Indian Institute of Morden Management, Pune, Maharashtra. He has an experience of more than nine years in Vendor management, Accounts' Payable, Treasury, Revenue Assurance and MIS Reporting. He has worked with NCR Corporation as Manager - TIS Finance & Vendor management, Cognizant Technology Solutions as Sr. Executive and Polaris Software lab as Executive, in the past.
