ABOUT OUR COMPANY

Trishla Industries is an organization that is instrumental in providing the high quality cattle feed, corn flour, and many other similar kinds of products. We are a noted manufacturer and supplier of cattle feed pellets, corn flour, corn grits, corn meal, broken maize seeds, maize grits, and corn flaking grits. In order to never compromise on the quality, we check the standards of quality of our products before approving them for dispatch. By following a client-centric approach, we are able to cater to a huge client base. All our products are manufactured as per food parameters and food grade quality norms. Our products are served in bakeries, breweries, breakfast cereals, snack food industries, and biscuits industries, and many other industries.

Trishla Industries, deeply rooted in Vijayapura (Karnataka, India), is a fraternity that is engaged in offering the premium quality cattle feed, corn flour, and more. The company was established in the year 2004 under the proprietorship of Mr. Ravindra Porwal (Owner). Since establishment, with the focus on development, we have increased our production capacity.

Our Infrastructure

Owing to our well-furnished infrastructural unit, we are able to cater to diverse industries in the most efficient manner. We make sure that each product is manufactured with complete hygiene and cleanliness at our infrastructural facility.

Quality Assurance

We are certified by FSSC and HALAL. Focusing on quality, we ensure that no compromise is made on maintaining the quality during the production process. This has helped us in gaining the trust of our clients.
