

**ATCAB**®

**Cable  
Cleats**

# Introduction

We at Atlas Metal are an establishment with 25 years of excellence and commitment in the Indian Metal products market with a stronghold in the national and international market. With the most modern and latest manufacturing technology machinery unit at Jamnagar, Gujarat, our diligent team is well-equipped to meet, as well as exceed our customers' expectations.

Incepted in 1996, we at Atlas Metal Industries began our journey, by manufacturing brass electrical wiring and earthing accessories with the brand name 'ATCAB'. What began as a humble company operating in a mere 1000 Sq. Ft. area with just 7 employees, has now become a formidable force with over 180 skilled personnel working at a sprawling area of over 50,000 Sq. Ft. At Atlas, we have earned the reputation of being one of the leading manufacturing and exporting companies in our domain industry with an annual capacity of 500 metric tons, of which 95% is export.

## Key Segments:

**Cable Gland and Accessories • Earthing Accessories • Cable Lugs • Conduit Fitting**

Taking the mantle of excellence further, we at Atlas Group launched our brand 'ATFIT' derived from Fittings - of Brass Precision Turned Components. We offer products in a variety of metals like Brass, Zinc, Stainless Steel etc. and also we make customised products in sync with our customers' meticulous requirements, apart from offering quality that is at par with international benchmarks, yet at competitive price.

An ISO:9001 certified company, we at Atlas manufacture high precision products, by using CNC machines. We have product certification of CE, EX, ROHS, IP68 and CMRI, which makes us one of the most reliable names across the industry.

## TYPE: ATC Two Bolt Fixing

The cable cleat is manufactured from high pressure die cast aluminium making it suitable for both indoor and outdoor applications. The ATC Two Bolt cable cleats have an excellent range take and are suitable for cable diameters of 30mm up to 160mm. This cable cleat has two clearance holes for securing it to a mounting surface, which allows for either M8 or M10 fasteners to be used.

Operating Temperature: -60°C to 150°C

PART NO.	CABLE DIAMETER RANGE MM
ATC-30-40	30-40
ATC-40-50	40-50
ATC-48-55	48-55
ATC-54.5-56.5	54.5-56.5
ATC-57-64	57-64
ATC-64-70	64-70
ATC-70-76	70-76
ATC-76-83	76-83
ATC-83-89	83-89
ATC-89-95	89-95
ATC-95-101	95-101
ATC-101-108	101-108
ATC-108-114	108-114
ATC-115-125	115-125
ATC-125-135	125-135
ATC-151-160	151-160

## TYPE: ATFC

The cable cleat is manufactured from high pressure die cast aluminium making it suitable for both indoor and outdoor applications. The ATFC cable cleats have an excellent range take and are suitable for cable diameters of 15mm up to 152mm. This cable cleat has two clearance holes for securing it to a mounting surface, which allows for either M8 or M10 fasteners to be used.

Operating Temperature: -60°C to 150°C

PART NO.	CABLE DIAMETER RANGE MM
ATFC-15-30	15-30
ATFC-30-45	30-45
ATFC-45-60	45-60
ATFC-60-75	60-75
ATFC-75-88	75-88
ATFC-87-105	87-105
ATFC-105-129	105-129
ATFC-129-152	129-152
