Maruti Industries is a pioneer in the field of metal bolts. Based in Rajkot, Gujarat, we are in the business of manufacturing and supplying excellent-quality metal bolts. Since 1990, we offer eye bolts, t bolts, steel bolts and high tensile bolts. In a very short span, we earn the fondness of our clients all over India with the unparalleled quality of our products.

We use multiple metal and alloy materials like stainless steel, and mild steel to make our products. We make all these products as per national and international quality standards. We supply these products to a broad range of industries. Such as car parts, thermal power, petrochemical, nuclear power, oil & gas, refineries, pharmaceutical pipeline etc.

Over the years we have been able to differentiate ourselves as a prime production brand of supreme-quality metal bolts. We simply do so by continually depicting and refining excellence. We offer excellence in process, excellence in production and customer care. All our facilities are highly equipped, technically advanced, comprehensive and system-oriented.

This ensures that our entire product range is quality assured before being dispatched to our customers' addresses. Our only mission is to manufacture and supply the best quality metal bolts to our clients. We ensure utilising sustainable methods can meet the highest global norms. What we want is to take part constantly in the development of our production capabilities.

Our only vision is to keep our place at the forefront of the industry. Through endless inventions, we try to offer products and services that can win the faith of existing and potential clients. Give us a call or mail us to know more about us.
