

Bonnafide Chemicals is one of the leaders in the field of chemicals, water component solutions and consumables market in India. It is an ISO 9001:2008 certified company and manufactures a wide range of specialty chemicals for Sugar Process Chemicals, Boiler Water Treatment Chemicals, Cooling Water Treatment Chemicals, Effluent Treatment Chemicals, R.O Membrane Chemicals, Laboratories Chemicals, Easy Test Kits, De scaling Compound,

Bonnafide Chemicals is experiencing growth at an accelerated pace, since its establishment in the year 2007, under the proficient headship of the honorable CEO Mr. Brijendra Sahay. The dynamic approach of the CEO towards the business has assisted the company to withstand the tough competition of the market.

Why Us?

Below mentioned are some of the parameters that distinguish us from other enterprises in the country :

- Our programs are designed to accomplish scale & corrosion control, microbiological growth etc. To keep the plant system free from corrosion, deposits and microbiological growth
- Comparatively better result
- Experts advice available on-site
- Solution on first time
- Proper monitoring to achieve better control on the treatment objectives to support every treatment program
- There are a lot of methods of monitoring systems available based on the size, problems encountered and specific needs
- Much efficient & reasonable prices

Quality Assurance

Owing to the priority to serve quality products, various stringent quality tests are conducted at various stages of processing to the final stage of packaging. For fuller assurance of the quality, the tests are conducted, on various parameters, under the supervision of our quality control executives. Moreover, the quality checks have made us confident about the delivery of the products confirming to international standards.
