

## Enzymes for Molasses Distilleries

## Enzymes for Grain Distilleries

### **ABYOL -RISE**

For molasses forementation

### **ABYOL-MF**

For molasses fermentation

### **ABYOL-ST**

for effective VA and  
contamination control during  
fermentation

### **ABYOL-RSR**

for Syrup fermentation

### **ABYOL-ADY**

for molasses fermentation

### **ABYOL-RCL**

For recycling of condensate  
water in molasses  
fermentation process

### **ABYOL-NP**

for replacement of urea &  
DAP during molasses  
fermentation

**ABYOL-ZYME** for  
molasses preservation

A) Molrise EZM

B) Molrise ATM

### **ABYOL-AL**

High Temperature Alpha  
amylase for liquification

### **ABYOL-ZYMEGM**

Glucoamylase for  
saccharification

### **ABYOL-BGF**

(For affective VA control)

## WASTE WATER TREATMENT CHEMICALS FOR E.T.P. & S.T.P. PLANT

Decoloring, Coagulants, COD Reduction  
Flocculants (Polyelectrolyte ): Anionic,  
Cationic & Non Ionic

Defoamers: Silicone-non-silicone based  
(wax & Pulp Base)

ETP CULTURES

Oder Removal

BOD, COD & Colour Removal

Activated Carbon & ACF Plants

Evaporators for ZLD Plants

Automatic Valves  
For Softner & Filter

Diffusers

Tube Media

**Effluent  
Treatment  
Plant**
