Ammonium Nitrate Solution

We are a notable name in the domain offering the best in class and quality Ammonium Nitrate Solution. The reason we are capable of delivering the best in class range of products is because of the stern checking on the raw material while sourcing. By this, we bring forth quality products.

Effects and symptoms : May cause irritation to skin and eyes. If swallowed may cause gastrointestinal disorders and large doses may cause vomiting and collapse.

Ammonium Sulphate

As we have a spacious warehouse, we are capable of meeting the urgent requirements of the clients. Moreover, we never go out of stock and thus we maintain year round availability. We offer a variety of payment methods to our customers so that they can pay as per their convenience while focusing on the core trade.

Effects and symptoms : Hazardous in case of contact with skin and eyes, inhalation and/or ingestion

Limestone Ammonium Nitrate

Handling and Storage

- Handling : Do not ingest. Do not breathe dust. If ingested, seek medical advice immediately and show the container or the label. Avoid creating dust when handling and avoid all possible sources of ignition (spark or flames).
- Storage : Keep container tightly closed. Keep container in a cool, well-ventilated area. Store and use away from organic materials, reducing agents, moisture and powered metals.
- Packaging materials : Use original container.

Composition : Nitrogen 26 to 28% (74 to 80% as NH_4NO_3) and the balance as limestone usually dolomatic.

Liquid Phosphoric Acid

Effects and symptoms : Causes burns to skin, eyes and gastrointestinal tract. Mist irritant to the respiratory tract. Fluid build-up on the lung (Pulmonary oedema) may occur up to 48 hours after exposure and could prove fatal.

Handling and Storage

- Handling - Avoid contact with eyes / skin and do not breathe mist / vapour.
- Storage - Keep in original container if possible, away from strong bases and metals. Keep containers indoors and tightly closed (Crystallisation may occur in cold weather).

Ampli Boost

Complete Bio-organic Catalyst concentrate containing Nitrogen , humates and vitamins, to enhance growth and health in plants. Stimulates micro organisms to increase the biodiversity in soils.

Unique selling points:

- A blend of Nitrogen, (UAN based) organic catalysts and specific microbes
- The available Nitrogen source offers a complete remedy for maintaining health and vigor
- Buffered with technical Humic Acid and an organic base, it offers an exceptional Nitrogen storage capacity to greatly reduce volatilization and leaching whilst reducing the incidence of leaf burn
- This organic component further boosts the plant metabolism through greater uptake of nutrients enzyme production, hormone triggers and auxin response

Ampli Digest

Apply directly to stubble or crop residue through Boomspray, rrigation, sprinkler systems. Do not apply when conditions are xtremely hot. Best applied early mornings or late afternoons. Stubble should be incorporated into the sop 5cm of soil or at least flattened if no-till.
We strongly recommend to apply 40 - 100 kg per hectare of Ammonium sulphate to further promote effectiveness. Spread over stubble. Can be dissolved at 1 kg/3 L water in spray tank and applied with AmpliDigest

The efficiency of any good stubble management program depends on the following:

- CHARACTERISTICS of crop residue (herbaceous or woody)
- Correct BIOLOGY (Example : Fungal beneficial for woody residues) to breakdown crop residue
- The crop residue must be in CONTACT with the soil
- PARTICLE SIZE – the smaller the better (bigger surface area)
- Available MOISTURE will increase the breakdown rate

Ampli Phos

A concentrated neutral polyPhosphate solution complexed with organic catalysts that can be used as a starter and foliar fertiliser. Unique formulation which support the energy system in plants and availability of Phosphate in soils.

Unique selling points:

- Suspension iquid concentrate with organic acids
- PolyPhosphate – non chemical reactive, pH neutral
- Contains soil penetrant to improve Phosphate permeability into soil
- Unique formulation that enhance Magnesium uptake
- Foliar application with low potential leaf burn (Low salt index)

Ampli Stim

Complexed organic concentrate from the sea. It provides plant nutrients and organic acids in an organic form, promote nutrient cycling in the soil and increase plant physiological activity.

Features

Specific Gravity	1.1
Consist of	Humates, plant extracts, vitamins, enzymes and bio stimulants
Use	Nutrient cycling & increase plant production
Application	Agriculture
