M/S.Urja Sealants Pvt Ltd is a specialised manufacturer of sealants, adhesives and coatings established in 1998.

We drive value through innovation. Our spectrum of capabilities includes an advanced production facility, a full-fledged R&D centre, which we believe is the DNA for our success and a proud association with leading players in the field of automobile, construction, HVAC and other sectors.

M/S.Urja Sealants Pvt Ltd's goal remains to enhance value by delivering high-quality products at competitive prices coupled with international standards of service, thus leading to high consumer satisfaction. With the adoption of this principle, we constantly develop, evaluate and improve our products and processes. This has led to M/S.Urja Sealants Pvt Ltd's success in becoming a leading manufacturer of construction and automobile sealants and a pioneer of new technologies in MS Polymer sealants in India.
