

Advancetech Instruments was established in the year 2008 at Saharanpur (Uttar Pradesh, India). Since then, it is being efficiently managed and run by our guide and mentor, Mr. Shafiq Rehman (MD).

Infrastructure

We have an upgraded infrastructural unit, outfitted with cutting-edge machines and latest techniques. For smooth and efficient work, our huge infrastructural unit is categorized into different sub-functional units. These units are managed by our industrious professionals in order to achieve the set targets of the organization.

Manpower

We are backed by a team of professional experts in the field of industrial equipment production and exports. From start to finish, the entire process of procurement, production, final inspection, and packaging is monitored at every stage by a well-trained team of over 45 qualified personnel.

Why Us

We always put our dedicated efforts to provide maximum satisfaction to our customers by providing them premium quality and durable range of products at competitive rates. We have been highly admired by our respected customers due to our moral business policies and clear dealings.
