Manufacturer, Exporter & Supplier

www.bulklabchemicals.com

#### About Us

Powder Pack chem came into existence in the year 2001 in Mumbai, Maharashtra (India). Since the very first day of commencement, the company has dedicated all its ability in order to acquire complete satisfaction of the clients. Over the years, it has built an admirable stature in the arena with the constant and inspiring support of the proprietor, Mr. Devang Sanghvi.

#### **Our Team**

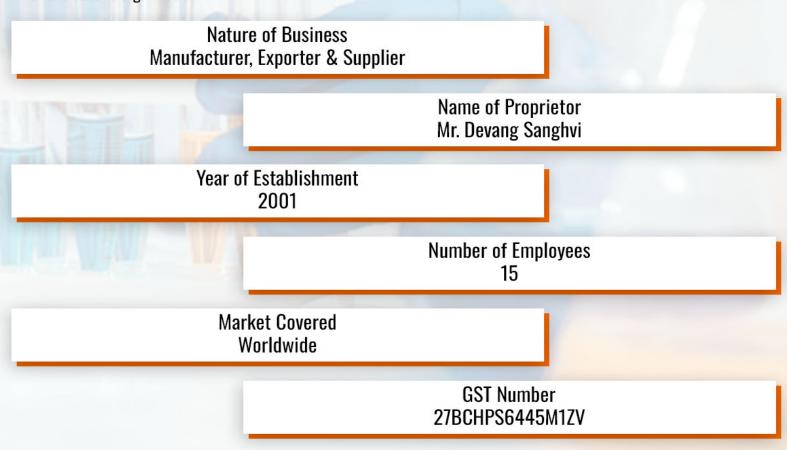

We are empowered by qualified and experienced chemical experts and research and development personnel. Owing to their support and assiduous efforts, we have gained expertise in the domain of Laboratory Chemicals with ease.

#### **Manufacturing Unit**

To formulate accurate Laboratory Chemicals, we have developed a sound manufacturing unit. This unit is equipped with the high-end machinery and equipment that are required for the precise formulation of chemicals. Owing to our manufacturing unit, we are able to formulate chemicals with balanced pH level and accurate composition.

#### Why Us?

- We are one of the prime Manufacturers, Suppliers and Exporters of Laboratory Chemicals.
- Accurately formulated chemical-line
- Backed by advanced technology
- Supported by diligent chemical experts and other personnel
- Client-centric organization

Sodium Alginate

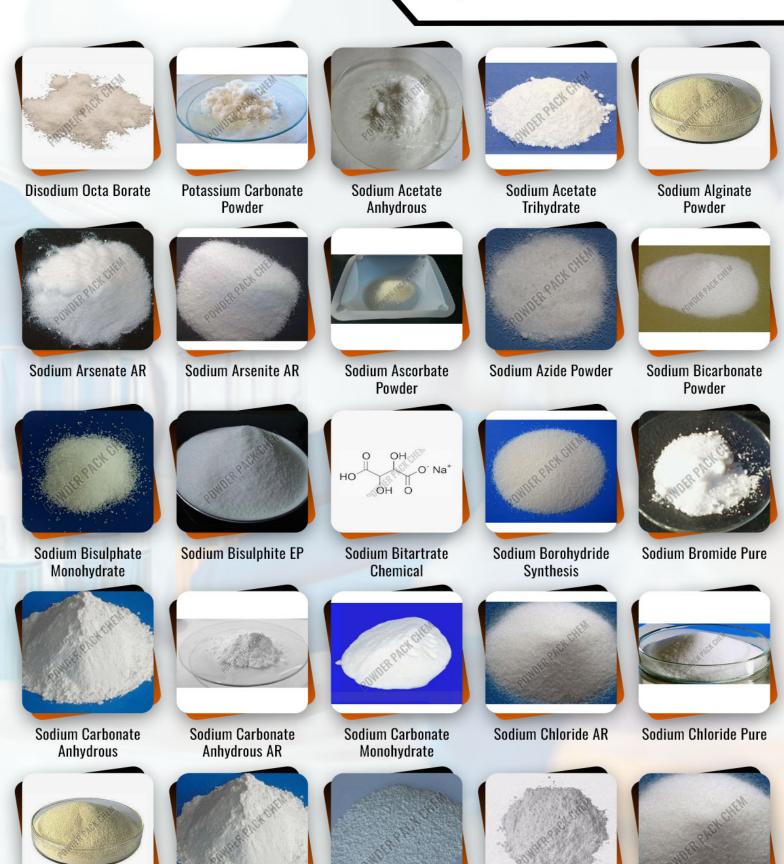

Powder

Sodium Carbonate

Anhydrous

### **Powder Pack Chem**

Sodium Dichloroisocy-

anurate Powder

Di Sodium Tartrate Disodium Hydrogen Citrate

Disodium Hydrogen Orthophosphate Anhydrous Purified

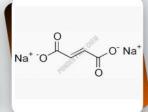

Disodium Hydrogen Orthophosphate Dihydrate Purified

Disodium Hydrogen Orthophosphate Dodecahydrate

Monosodium Glutamate Chemical

Sodium Fumarate Powder

Sodium Gluconate Powder

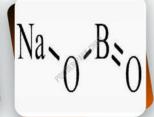

Sodium Hypophosphite Hydrated

Sodium Meta Bi Sulphite Powder

Sodium Meta Silicate Nonahydrate

Sodium Metaborate Chemical

Sodium Metaperiodate Powder

Sodium Methoxide Powder

Sodium Molybdate Pure

Sodium Nitrate Purified

Sodium Nitroprusside Purified

Sodium Oxalate Purified

Sodium Pentachlorophenate Powder

Sodium Perborate Powder

Sodium Perborate Tetrahydrate LR

Sodium Peroxide Granular AR

Disodium Hydrogen Citrate

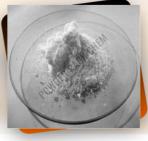

Di Sodium Tartrate

Sodium Persulfate Powder

Trisodium Orthophosphate Chemical

Di Potassium Hydrogen Orthophosphate Anhydrous

Potassium Acetate Powder

Potassium Bicarbonate Powder

Potassium Bifluoride Powder

Potassium Bisulphate Chemical

Potassium Bisulphite Chemical

Potassium Bitartrate Chemical

Potassium Bromate Powder

Potassium Bromide Chemical

Potassium Carbonate Powder

Potassium Chloride Powder

Potassium Chromate

Potassium Dichromate Crystal

Potassium Dihydrogen Orthophosphate

Potassium Ferricyanide Chemical

Potassium Ferro Cyanide

Potassium Fluoride Anhydrous

Potassium Formate Chemicals

Potassium Hydrogen Phthalate

Potassium lodate Powder

Potassium Iodide Powder

Potassium Metabisulphite Powder

Ammonium Acetate

Ammonium Bi Chromate

Ammonium Bicarbonate Chemical

Ammonium Bifluoride Pure
