

GRINDS ALL KIND OF GRAINS, MASALA, SUGAR & HERBS

Heavy Motor & 100% Copper

SP Grinding Rotors

An ISO 9001:2015 Certify Company & C E Approved

Vibration Absorber Rubber Pad

Corrosive Free Micro Feeder & Heavy Grinding Chamber

Unique Design for Filter Changes

Heavy Fabrication Structure

No Foundation Require

Superfine Grinding & 100% Fresh Aata

Easy Operation & Low Maintenance

PRODUCTS FEATURES

- Speedy grinding, Time Saving, Smaller Floor Space- 2sq.feet.
- Easy to Move, No Foundation Required, Easy in Operation.
- Less Maintenance, No Stone, No Pulley & No Belt.
- Heavy Shaft and 100% Copper Winding Motor for Continuous Grinding.
- Big Size Feeding Hopper with SS Top Cover.
- Fine Grinding Technology with High Durability.
- S.S. Body, Sp. Grinding Rotor.
- Motor Protecting Over load Control Switch.
- Micro Feeding Corrosive free Control Valve with 1mm-90mm Operation.
- Unique And Sp. Design for Changes of Filter (Jali).
- Heavy Rubber Pad And Body Structure for Long Life and Maximum Vibration Reduce.

Model : CFPM - Mixer Grinder 1.5 hp

Technical Specification:

Motor : 1.5hp 2880 rpm, Single Phase, 230VAC
 Size : 61cm H, 32cm dia.
 Grinding Capacity : 3-6kg / 5min
 Weight : 38kg
 Jar Capacity : 5LTR

- Sturdy yet low noise dynamically balanced heavy duty motor
- Unbreakable transparent covers
- Non magnetic sintered copper bush
- Ideal for hotel, restaurant and catering.

Model : Flour Mill - CFPM - Gold - 1hp (4 x 8)

Technical Specification:

Motor : 1hp, 2880 rpm, Single Phase, 230VAC
 Size : 51cm H, 33cm W, 82cm L
 Grinding Chamber : 4 x 8 inch
 Grinding Capacity : 4 -25kg
 Weight : 50kg*
 Hopper Capacity : 8kg

- Elegant and Agile design
- Compact model with steel rotor and datti
- Ideal for domestic and sp. Purpose of micro find grinding

It should be depended / vary on material fineness & filter

Flour Mill Are Available in 110V AC & 3Phase

MFG & MKT BY:

CFPM INDUSTRIES

Plot No. K1/5, Near Water Tank, Old G.I.D.C. Gundlav-396035, VALSAD, Gujarat, INDIA. Email: cfpmindustries@gmail.com

Website: cfpmindustries.com Mob.No.94275 76989, 99782 97459

Model : Flour Mill - CFPM- Gold - 2hp/3hp (5 X 9)

Technical Specification:

Motor : 2hp or 3hp, 2880 rpm, Single Phase, 230VAC
 Size : 55cm L, 33cm W, 97cm H
 Grinding Chamber : 5 x 9 inch
 Grinding Capacity: 8-40kg*
 Weight : 65kg
 Hopper Capacity : 10kg

- All in one - 2 way feeder
- Heavy duty motor
- Easy to clean
- Ideal for small business, grocery store and big family

Model : Flour Mill - CFPM - Silver- 2hp/3hp (5 x 10)

Technical Specification:

Motor : 2hp or 3hp, 2880 rpm, Single Phase, 230VAC
 Size : 66cm L, 40cm W, 120cm H
 Grinding Chamber : 5 x 10 inch
 Grinding Capacity: 10-60kg*
 Weight : 88kg
 Hopper Capacity : 18kg

- Multi purpose flour mill
- 18kg big hopper, easy in operate
- Operate on single phase power, Dynamic balance of all rotating parts, which results in less vibration & higher performance
- Ideal for gruh udhyog, canteen / mess and papad plant.

Model : Flour Mill - CFPM - Wet Grinding 1.5hp (4 x 8)

Technical Specification:

Motor : 1.5hp, 2880 rpm, Single Phase, 230VAC
 Size : 49cm L, 35cm W, 68cm H
 Grinding Chamber : 4 x 8 inch
 Grinding Capacity: 10-60kg*
 Weight : 38kg
 Hopper Capacity : 7 litre

- Fully S.S. Body, Chamber, Jally, Rotor, Totally Washable
- Ideal Grinding For Green Chilly, Garlic, Rice, Giner, Tomato, And Onion, etc.

Model : Flour Mill - CFPM - diamond -3hp (6 X 12)

Technical Specification:

Motor : 3hp, 2880 rpm, Single Phase, 230VAC
 Size : 66cm L, 40cm W, 120cm H
 Grinding Chamber : 6 x 12 inch
 Grinding Capacity: 15-80kg*
 Weight : 95kg
 Hopper Capacity : 18kg

- Multi purpose flour mill
- Big size and air cool grinding chamber
- Operate on single phase power,
- Ideal for herbal / ayurvedic, besan plant and Poultry Feed, Grains & spices.

Model : Flour Mill - CFPM - Star - 5hp - TP (6 x 12)

Technical Specification:

Motor : 5hp, 2880 rpm, three Phase, 440VAC
 Size : 66cm L, 40cm W, 120cm H,
 Grinding Chamber : 6 x 12 inch
 Grinding Capacity: 20-100kg*
 Weight : 100kg
 Hopper Capacity : 18kg

- Multi purpose flour mill
- Air cool grinding chamber
- Operate on three phase power, easy to operate(without any skill labour)
- Suitable and Ideal for all kinds of commercial grinding of grains, spices and herbs, besan plant, cattle feed and papad plant.

Model : Flour Mill- CFPM- Star - 7.5hp/10hp-TP (8 x 14)

Technical Specification:

Motor : 7.5hp or 10hp, 2800rpm, Three Phase, 440VAC
 Size : 75cm L, 48cm W, 140cm H
 Grinding Chamber : 8 x 14 inch
 Grinding Capacity: 30-150kg*
 Weight : 210kg
 Hopper Capacity : 25-28kg

- Stone less commercial multi purpose flour mill
- Easy maintenance and operation (without any skill labour)
- Custom designs to grind your product and meet your peak efficiency requirements.
- Complete, energy efficient, and reliable grinding systems and Cost-effective replacement parts.
- Suitable and ideal for Food processing industries, besan plant, continues grinding like wheat, rice, spices, etc. and all kind of grains and spices grinding plant.
