A Start Up India & ISO 9001:2015 Certified Company

INTRODUCTION

Reverent Electronics Design & Services Pvt. Ltd. as a Start Up India Unit has been brought in to existence to add on feathers to the Most Intelligent “ Make In India ” drives being initiated by Government of India. The Company through its professional approach provides Electronics Design Services of International Standards with Manufacturing & Sourcing facilities to its Most valued Customers with its excellent and incomparable Quality Services. Reverent India has a sole aim to not only meet the given requirements , but is to meet the exceeded Expectations of our Customers In terms of Quality Cost and Delivery. Reverent Electronics shall also contribute to its social obligation of educating technical man powers by conducting Free Technical Guide Lines Sessions for Diploma and B.Tech Engineering Students well within in their College Premises to enable them to be prepared against the Requirement of Private Industrial Sectors .

Reverent[®]

Reverent Products are Designed , Developed and Manufactured in India
by meeting International Quality Standard

Quality , Innovation and Customer Satisfaction is our Road map to Growth

Reverent[®]

A Start Up India & ISO 9001:2015 Certified Company

Reverent Products & Services...

B2C PRODUCT RANGE

HOME SECURITY ALARM : HOME SECURA
COMMERCIAL GRADE SECURITY ALARM : COMM SECURA
METAL DETECTOR HAND HELD
REMOTE OPERATED CEILING FANS WITH LED LIGHTS
Remote Operated Electronic SMART SWITCH BOARDS.
Remote Operated Electronic Fan Regulators .

B2B PRODUCT RANGE

Remote Operated Ceiling Fans with LED lights PCB Solution.
Remote Operated Air Coolers PCB Solution.
Remote Operated Air Purifier PCB Solution..
Remote Operated Glass Tint Switching PCB Solution..

Reverent[®]

Reverent Electronics Design & Services Pvt. Ltd.

Reverent Products are Designed , Developed and Manufactured in India
by meeting International Quality Standard

Quality , Innovation and Customer Satisfaction is our Road map to Growth

B2B Running Product Range

**Remote Operated
AIR COOLER PCB Solution**

Customers : Kunstocom India Limited , GION Air Coolers
Shakun Air Coolers , Champion Air Coolers ..
Havelles India at Final Approval Stage ..

**Remote Operated
AIR PURIFIER PCB Solution**

Customers : HILTON Air Purifiers

**Remote Operated
Water Heater PCB Solution**

Customers : MARC India

**Remote Operated
Tint Glass Switching Solution**

Customers : FENESTA

A Start Up India & ISO 9001:2015 Certified Company

Remote Operated SMART SWITCH BOARDS

RSSB06M -4L1FR (CP)

Technical Specifications :

Input Voltage : AC 100 – 260 V 50 HZ.
Out Put Voltage : AC 100 -260 V 50 HZ (Phase)
Power Each Sw. Max : 100 W
Fan Speeds : 05 Steps
Switches : 04 Lights
Silver Chrome Plated
Modes of Operation : Remote and Manual.
Service Warranty : One Year
MRP : Rs. 3790 Inclusive of GST

RSSB06M -4L 2USB(CP)

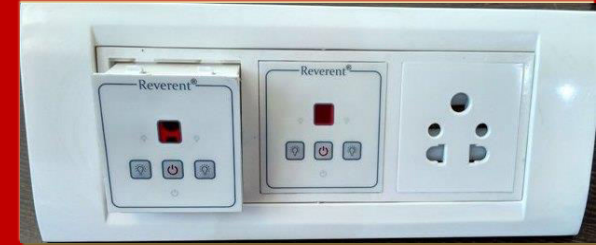

Technical Specifications :

Input Voltage : AC 100 – 260 V 50 HZ.
Out Put Voltage : AC 100 -260 V 50 HZ (Phase)
Power Each Sw. Max : 100 W
Switches : 04 Lights
USB Adaptor : 5 V 2 Amps x 2 Channel
Silver Chrome Plated
Modes of Operation : Remote and Manual.
Service Warranty : One Year
MRP : Rs. 2990 Inclusive of GST

RSSB06M - 3L1PS

Technical Specifications :

Input Voltage : AC 100 – 260 V 50 HZ.
Out Put Voltage : AC 100 -260 V 50 HZ (Phase)
Power Each Sw. Max : 100 W
Switches : 03 Lights 1 Power Socket
Modes of Operation : Remote and Manual.
Service Warranty : One Year
MRP : Rs.2590 Inclusive of GST

RSSB 04M Remote Operated SMART SWITCH BOARDS

RSSB04M - 2LIFR

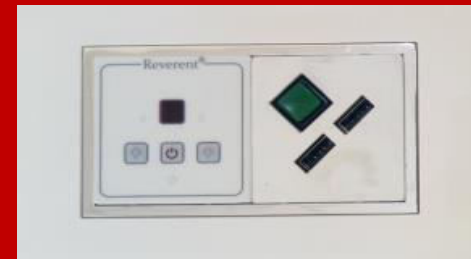

Technical Specifications :

Input Voltage : AC 100 – 260 V 50 HZ.
Out Put Voltage : AC 100 -260 V 50 HZ (Phase)
Power Each Sw. Max : 100 W
Fan Regulator : 5 Steps
Switches : 02 Lights 1 Fan Regulator
Modes of Operation : Remote and Manual.
Service Warranty : One Year
MRP : Rs.2490 Inclusive of GST

RSSB04M - 2L2USB

Technical Specifications :

Input Voltage : AC 100 – 260 V 50 HZ.
Out Put Voltage : AC 100 -260 V 50 HZ (Phase)
Power Each Sw. Max : 100 W
Switches : 02 Lights 2 USB
Modes of Operation : Remote and Manual.
Service Warranty : One Year
MRP : Rs.1990 Inclusive of GST

RSSB 03 – 3L1FR1PS

Technical Specifications :

Input Voltage : AC 100 – 260 V 50 HZ.
Out Put Voltage : AC 100 -260 V 50 HZ (Phase)
Power Each Sw. Max : 100 W
Fan Speeds : 05 Steps
Switches : 03 Lights ,01 Power Sockets
Modes of Operation : Remote and Manual.
Service Warranty : One Year
MRP : Rs. 2498 Inclusive of GST

Up Coming Touch Switches

RSSB 12M – 6L2FR2USB

Technical Specifications :

Input Voltage : AC 230 V , 50 HZ
Out Put Voltage : AC 230 V , 50 HZ
Output Current : 5 Amps Ea Sw Max.
Modes of Operation : Remote and Manual
Service Warranty : One Year
MRP : Rs. 6890 Inclusive of GST

Smartscan Metal Detector RSMD-01P

Reverent
Metal Detector
RSMD -01P
With 9V ,1.5 Amps Charger

Technical Specifications :

Reverent Smart Scan Super sensitivity Metal Detectors scans at ultra high speed even small ferrous Material parts being carried...

With Adjustable sensitivity it is easy to customize its uses...

Low battery indicator provides Early alert.

Search Head: 190 mm x 94 mm

Heavy Duty, rugged, impact-resistant ABS Head ..

Handle anti rust Powdered Coated MS

Most Reliable Rechargeable Battery 7.4 v /1200mAH

Operating Temperature: -5°C to 55°C provides High

Time Back Up...24 Hours

LED indications for POWER ON,

MRP Rs. 1990/- Inclusive of GST

Service Warranty :: 1 YEAR .

SMPS Charger

Input Voltage : AC 110 – 260 V ,50 HZ.

Out Put Voltage : DC 9 V , 1.5 Amps

Power Max : 12 W

Auto High Voltage Cut Off

Protection above 300 V

Reverent Products are Designed, Developed and Manufactured in India
by meeting International Quality Standard

Quality, Innovation and Customer Satisfaction is our Road map to Growth

A Start Up India & ISO 9001:2015 Certified Company

COMPANY'S VISION

Reverent Electronics Design & Services Pvt. Ltd. has been established to take India to next level of self reliance in Design and Development of commonly used Remote Operated electronically Controlled Home Lighting Switches , Remote Operated Air Cooler and Air Purifiers PCBs Solution , Air Quality Monitor , Remote Operated Smart TOUCH Switches Boards and Fan Regulators , Remote Operated LED Ceiling Fans , Remote Operated LED Emergency Lights , SECURITY ALARMS for Banks and Commercial Establishments ,Home Security Alarms , Metal Detectors and LED Lights Industrial Grade etc .The Company has come up with a humble vision of Designing and manufacturing Remote Operated Electrical products of outstanding quality at a time when the market is flooded with cheap imported electronically controlled switches and appliances or is handled by the unorganized sector with no focus to quality and safety of Products and their users The advent of Reverent is not only to organize the sector, but also is to add on feather to The wonderful Drive of Make in India by providing an excellent Services to all The Brand Owners of Appliances and Electronic Switches Manufacturing and Marketing Companies by providing to them most advanced technology based electronic products solution at most reason able cost .

As a Brand, “ Reverent “ signifies Dedication , Safety and Reliability. These qualities are helping “ Reverent “ to carve a niche for itself to become a most Reliable source for Electronically Remote Operated Home Appliances Products Line . Reverent is actively engaged with major world class Semi conductors Manufacturing Companies so that to keep it always updated with latest world Technology to enable its business associates to produce world-class eco-friendly products that have added value to the lives of people.. Reverent is committed to and shall continue to deliver the most reliable services and long lasting products of top quality in India and other neighboring markets.

Reverent Commitment Policy :

Reverent is a Start Up India company registered with Government of India with a very clear vision to Strictly administer all its functionality through ethical practices . For That reason Reverent shall remain committed to its Customers , Vendors and its Staff Members with all what is Promised and shall have a long lasting Business Relationship by Monitoring step by step and by appreciating mutual benefits and mutually acceptable business norms. Reverent is committed to function as The Company which shall Follow complete legal and Tax Structure requirement of Government of India . Reverent is committed to deliver Best Quality Products and Services to its Customers which shall exceed their expectations In terms of Quality , Cost and Deliveries. Reverent is committed to ensure that no harm is done to the World's Environment during any of its Design and Manufacturing of its Electrical and Electronics Products and Shall always contribute to Clean India drive in what ever best possible way it could do .

Reverent®

Reverent Products are Designed , Developed and Manufactured in India
by meeting International Quality Standard

Quality , Innovation and Customer Satisfaction is our Road map to Growth

Reverent Quality Policy

Reverent is a Make in India Venture and have a clear vision to administer all its Functionality through ethical practices.

Reverent shall remain committed to its Customers, Vendors and its Employee with all What is promised and shall have a long lasting Business relationship by monitoring and appreciating step by step mutually acceptable business norms.

Reverent is committed to function as The Company which shall follow hundred percent Legal Tax Structure of Government of India.

Reverent is committed to deliver Excellent Quality of its Products and Services to all its Valued Customers And Business Associates.

Reverent is committed to ensure that No Harm is done to the World Environment during any of its Design and Manufacturing Process of Electronics Products and shall always contribute to CLEAN INIDIA drive in whatever way it may be possible.

Machines Details -1

SMT Machines

1. YAMAHA M10 I- Puls

Pick & Place machine
Components Size : 01005 to 120x90mm
Speed up to 24,000 CPH
6 heads with Multi-Scan camera
BGA/CSP High Speed Capability
PCB size upto 1480 x 510 mm; 30mm
Comp Height
Laser Board Warp Detection & correction
72 Feeder Capacity

2. YAMAHA M21 - Puls

Pick & Place machine
0603 to 120x90mm size component
Speed upto 18,000 CPH
6 heads with Multi-Scan camera
BGA/CSP High Speed Capability
PCB size upto 460 x 410 mm; 15mm Comp Height
120 Feeder Capacity

Machine Details 2

SCREEN PRINTER

Model EMS SAP26 L Semi-Automatic stencil
printer Dual Camera with LCD monitor for
PCB-Stencil alignment
For Double side printing with following
specifications X,Y,Z And Theta Adjustments
PCB Print Area 470 mm x 400 mm
Maximum Stencil Size Of 29" x 29"
Snap off distance and speed programmable
Settable speed Motorised Squeegee movement
10-70 mm/sec.

Metal Squeegee as assembly set for 350mm width..
