—— Smart Like You ——

Asian Paints presents Bathsense: an eclectic series of bath fittings that brings to you the best of design and functionality. Each series encompasses breathtaking science and art to deliver a truly incomparable experience. With the assurance of durability and perfect finish, Bathsense brings alive the philosophy that your bathroom can be the most stunning element of your home.

SENSIBLY EXTRAORDINARY

—— SMART LIKE YOU ——

Bathsense proudly presents an eclectic collection of gorgeous faucets. Featuring a seamless blend of abundant flow, world-class aesthetics and innovative technology, each range of faucets truly brings to your bathroom a refreshing water experience. Each faucet has been created for ease of operation, and is enhanced by powerful performance and expert finish to achieve smart, sensible bathroom spaces. Expert craftsmanship and sensible science create the assurance of durability and performance. Effortless and sturdy, iconic and breathtaking, Bathsense's collection leaves behind an unforgettable bathroom statement. Come close. Experience water like never before.

Good bathrooms, built with great sense.

Discover the sensible science that builds Bathsense.

A good faucet depends on

Flow | Design | Finish | Functionality

The Bathsense philosophy ensures excellence
in each of the above factors.

Abundant flow. Perfect finish.

¾" Spindle

The spindle's build and smoothness control the flow of water

Aerator

The aerator is added to the faucet head for no-splash flow, to create an even stream of water and to save water

3/4" Spindle

- Creates abundant water flow
- Eliminates worries about flow complaints
- Provides a fulfilling water experience

2 Flow Aerator

- Unique foam flow and shower-like spray flow
- Water saving

Single click angle cock

- Unique design, exclusively by Asian Paints
- Aesthetically pleasing and slick design
- Easy to access and operate

Self cleaning shower

- Auto cleaning - no need to clean
- No issue of blocked nozzles or jammed water outlets, especially in areas with hard water
- Makes your bathroom space tension-free

INSTALLATION GUIDELINES

Bathsense by Asian Paints continually interacts with consumers and strives to make its products consumer-friendly. The company's trained staff and executives maintain a direct interface with consumers, educating them about product quality, convenience and maintenance. Bathsense also believes that consumers must get the best out of its products. It has evolved a set of consumer guidelines, which if followed, ensure optimum and trouble-free performance with enhanced durability of Bathsense products for years to come.

DURING INSTALLATION

- Use a 25 mm pipeline instead of 20 mm for optimal water flow. As far as possible, lay the pipelines straight and vertical.
- Keep the number of bends in the pipelines to a minimum to maintain adequate water pressure. All supply lines must have vent pipes, which prevent vacuum formation, and ensure smooth water flow.
- Maintain a centre-to-centre distance of 165 mm for both Hot and Cold inlets on all wall-mounted fixtures. This ensures a fuss-free, easy installation of the wall mixers.
- Place the outlet point in the overhead tank at least 2.5 cm above the ground level of the tank. This prevents the flow of foreign particles, sand, etc., into the water supply and the fittings, and prevents possible damage to working parts.

POST INSTALLATION

- Cover the tap polypacks before or after their installation until they are ready for actual use, to protect the fine finish from dirt, stains and other damage.
- Do not use harsh cleaning agents containing abrasives and acids. Instead, use a soft sponge or wet cloth with soapy water/diluted vinegar to protect the colour finish.
- Clean the aerators at regular intervals for perfect flow of water from the fittings. To clean the aerator, remove it, knock out the silver insert and rinse thoroughly with water.
- Clean the overhead tank thoroughly before the supply starts. It is suggested that the overhead tank must be cleaned at regular intervals to avoid deposition of foreign particles. To prevent any foreign material from passing through the tap, use a mesh or jalli.

WARRANTY DETAILS

Bathsense Faucets used in normal residential and non-residential segments are warranted to be free of defects in the material and workmanship for the period of time set forth in the warranty coverage table as detailed below, commencing from the date of sale of Bathsense Faucets products to the original purchaser.

RESIDENTIAL USE | 10 YEARS

COMMERCIAL USE | 7 YEARS

SHOWERS USE | 3 YEARS

WARRANTY COVERAGE

- The warranty period is not renewed or extended on supply of the spare parts during the warranty. The company will at sole discretion, repair or replace any defective component or part of product with or without cost.
- The warranty shall commence on the date that the consumer telephonically lodges his warranty with the company by contacting 1800-266-2079 and furnishing all the purchase and personal details requested by the company ("the commencement date"), within 15 days of purchase.
- The Company or its Authorized Service Franchisee solely can service/repair the product.
- The warranty becomes null and void if installation is not done by a qualified and experienced technician and/or as per the installation procedure laid down by the Company.
- Hoses, rubber parts, plastic parts and consumables are not included in warranty.
- This warranty is applicable only if the customer shows proof of purchase or the warranty registration number mentioned in the e-warranty card.
- This warranty will cover only manufacturing defects of the product and will not cover any defects arising out of factors out of control of the company, like insufficient water pressure, high water impurities / hardness, breakage of parts due to excessive force etc. In no event shall the liability of the company exceed the purchase price of the product. Improper care and cleaning will void the warranty.

**This is a Bathsense by Asian Paints Faucet exclusive written warranty.

Care and cleaning guideline for Bathsense Faucets

DOS

- Clean the fitting with just a little soap or mild detergent (such as dish washing soap) and a soft dampened sponge or cloth. Then simply rinse off and wipe dry. You can prevent lime scale by drying the fitting after each use.
- Always test your cleaning solution on an inconspicuous area on the product before applying on the entire surface.
- The ideal cleaning technique is to always blot dry any water from metal surfaces. Allowing water to evaporate on metal will form water deposits.
- It is important to use a dabbing action to dry metal, not an abrasive or rubbing action. Cleaning with a damp sponge and buff drying should keep your faucet looking beautiful and spotless.

DON'Ts

- Do not use any abrasive sponges or scouring agents for cleaning.
- We also advise against the use of cleaning agents containing ammonia, bleach, acids, waxes, alcohol, solvents or other products not recommended for chrome. Most toilet cleaning products have high acidic content which can damage the chrome finish, leaving it dull and scratched; hence they should be strictly avoided.

CLAIMS AND REPAIRS

To submit and/or avail a warranty claim, please contact Customer Service at bathsolutions@asianpaints.com. Telephonic enquiries shall be directed to Asian Paints helpline toll-free number at 1800-266-2079 between 09.30 Hrs. and 18.00 Hrs. during Monday to Saturday, excluding Sunday, Public and National holidays.

HOW TO REGISTER YOUR WARRANTY

It is mandatory to register your warranty. Please call our Asian Paints toll-free Helpline on 1800-266-2079 and press “3” (or) write to us bathsolutions@asianpaints.com within fifteen days (15) from the date of purchase of the product.

WARRANTY DETAILS

1. At the time of registration, please keep the following information ready, as this will help Asian Paints Limited (“Company”) to log your Customer warranty. After successfully lodging your warranty, you will be issued with a UWIN (Unique Warranty Identification Number). Please mention the said UWIN in all of your communication regarding the customer warranty.
2. Details Required: Customer’s Full Name , Address, Product
3. Please retain your original GST invoice along with a copy of this document for the duration of the warranty period. Please note that your original GST invoice would be required along with this warranty document to process claims pertaining to your customer warranty.
4. Should you ever experience a problem with the product or have any questions regarding the warranty, please call on toll-free number 1800-266-2079 and keep this booklet with your unique customer warranty identification number and invoice at hand.
