*Manufacturer,  
Exporter, Supplier &  
Service Provider*

VSK Engineering Company, a prominent manufacturer, exporter, supplier and service provider of advanced engineering solutions based in Faridabad, Haryana. Founded in 2018 by Mr. RS Mohan, our company has swiftly gained recognition for its commitment to quality and innovation in the engineering sector. We specialize in a diverse range of products, including oil coolers, heat exchangers, measuring rotameters, round hopper magnets, water cooling towers, power distribution panel boxes, conveyor belts, mild steel conveyor rollers, stainless steel descaling pumps, and single-phase descaling machines.

At VSK Engineering, our mission is to provide reliable and efficient products that cater to the specific needs of our clients. We understand the critical role that our products play in various industries, and we are dedicated to delivering solutions that enhance operational efficiency and performance. Our state-of-the-art manufacturing facility is equipped with the latest technology, allowing us to maintain rigorous quality control standards throughout the production process.

Quality is at the forefront of everything we do. We source premium materials and employ skilled professionals who are passionate about engineering excellence. Our team is committed to continuous improvement and innovation, ensuring that we stay ahead of industry trends and meet the evolving demands of our customers.

Customer satisfaction is paramount to our success. We prioritize building long-term relationships with our clients by understanding their unique requirements and providing customized solutions. Our responsive customer service and timely delivery ensure that we meet and exceed expectations, making us a trusted partner in the engineering sector.

Stainless Steel Oil Cooler

Hydraulic Oil Cooler

Mild Steel Plate Heat Exchanger

Stainless Steel Tube Heat Exchanger

Mechanical seal and Lip seal

Descaling unit

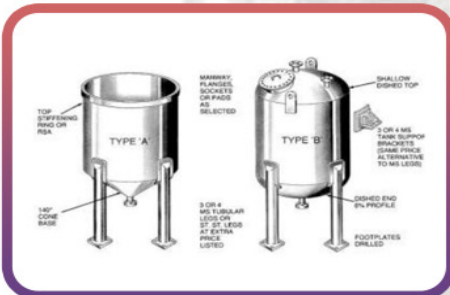

Cyclone Separator and dust collector system

Dust Collector (Bag Houses)

Electrical panel

MS and SS tank

Rubber & SS wire braided hose Applications

Making Conveyors

flow and rotameters

Supply Hydraulic Valve All Type With Fitting

Machine Blades

Industrial  
brush

COOLING TOWERS

fabrication Aluminium shed

Measuring Rotameter

Round Hopper Magnet

Water Cooling Tower

Power Distribution Panel Box

Conveyor Belt

Mild Steel Conveyor Roller

Stainless Steel Descaling Pump

Single Phase Descaling Machine

Reciprocating and screw compressor

Plate Heat Exchanger - PES

### **AMC ,OPERATION, MAINTENANCE AND COMMISSIONING**

batching plant Chiller plant , Ice Plant, tower crane ,Air Compressor,

### **RENTING -**

Air Compressor (Size: 50CFM / 1200CFM)

Chiller – 5TR To 500 TR

Fork Lift (Capacity: 3ton to 10ton)

RO Plant (Capacity: 100L to 5000L)

“We deal with Air Compressors , Chiller – service and spare”

### **MAKING AS PER ORDER**

Panel AC, Chiller all Type , water Cooler, and Etc.

### **FIRE HYDRANT SYSTEM**

Making Sami Automatic And Full Automatic Water Fire Hydrant System

Water Tank Capacity : Capacity 5,000 LTR TO 1,50,000 LTR

Water Pressure Capacity : 04 Bar To 25 Bar

Material Handling Lift AS per Requirement

Air dryer – 12CFM To 5500 CFM capacity

Automation – as per application
