

LABORATORY HOT AIR OVEN

Model no. SLE HAO 01

Laboratory Hot Air Oven is electrical device widely used in laboratories for sterilization. It makes optimal use of dry heat to sanitize. We are engaged in the manufacturing and exporting of superior quality Laboratory Hot Air Oven which is expansively demanded in laboratories. Our Hot Air Owen is available with a double walled construction and a front opening door. The inner part is made of stainless steel with mirror polish. Outer body of mild steel with a powder coat finish makes our Hot Air Owen a reliable product in the market. We are recognized as a leading Digital Hot Air Oven Exporter from Mumbai, Maharashtra.

- Vertical Model.
- Double walled construction.
- Front opening door.
- Top / Bottom mounted control panel for easy access.
- Inner made of stainless steel with mirror polish.
- Outer body made of mild steel with powder coat finish.
- Electrically operated Thermostat & 3 – Heat Switch Control with corresponding indicators.
- Digital Temperature controller.
- Nichrome / Kanthal made long lasting heating elements.
- High grade glass wool insulation.
- SS made shelves with adjustable runners.

Equipped with CFC free refrigerants and air-cooled compressors, the instrument performs conditioning procedures required in various industries. The Humidity Chamber comes with aerodynamically shaped fans for maintaining heating, cooling, humidification and dehumidification efficiency and provides environmental simulations.

Key Specifications:

Working Size	14 x 14 x 14 inches 18 x 18 x 18 inches 18 x 18 x 24 inches 24 x 24 x 24 inches 24 x 24 x 36 inches
Display	LED (Digital)
Accuracy	Temp. $\pm 2^{\circ}\text{C}$
Power	15A, 220-230 V, Single phase, 50 Hz
Temperature Range	Ambient to 250 deg C
Controller	Digital temp controller.
Construction	Double wall

Highlights:

No. of SS shelves	2- 4 based on working working size
Handle	Yes
Temperature Sensor	1 (PT-100) RTD
Movement	Castor Wheels optional
Material	Mild Steel (Outer Body) Stainless Steel (Inner Body)
Finish	Powder coated brisleri green & white combination finish and bright chrome / zinc plating for corrosion resistant finish
