

MUFFLE FURNACE

Model No- SLE MUF 001

SUN LAB MUFFLE FURNACE -

construction for robust structure, whereas, it's inner side are made of ceramic muffle for complete safety. The outer side of muffle furnace is carved from thick gauge and is coated with M.S. powder. Its outstanding performance and excellence has made us one of the well known Thermolyne Muffle Furnace Suppliers in India. We have also gained recognition in international market as one of the supreme Electric Muffle Furnace Exporters.

- Tabletop - Model.
- Double walled in construction.
- Inner made of Ceramic Muffle.
- Outer made of thick gauge M.S. powder coated.
- High grade Insulation.
- Front opening Door.
- Long Lasting Heating Elements.
- Side Mounted Control Panel for easy access.
- Solid State Digital Temperature Controller.
- Cr / Al – K – Type Sensors.
- Solid State Safety Fuse.

Equipped with CFC free refrigerants and air-cooled compressors, the instrument performs conditioning procedures required in various industries. The Humidity Chamber comes with aerodynamically shaped fans for maintaining heating, cooling, humidification and dehumidification efficiency and provides environmental simulations.

Key Specifications:

Working size	4" X 4" X 9" 5" X 5" X 10" 6" X 6" X 12" 9" X 9" X 18"
Model	Tabletop
Door	Front opening
Display	LED
Inner	Ceramic Muffle as per standard size
Outer	MS powder coated.
Temperature	1160 deg C
Controller	Solid State Digital Temperature Controller.

Highlights:

Control panel	Top mounted control Panel for easy access.
Construction	Double wall
Controller	Solid State Digital Temperature Controller.
Safety	Solid State Safety Fuse
Heater	Long Lasting Heating Elements
Sensor	Cr / Al – K – Type Sensors
Insulation	High grade insulation to minimize heat loss.
Finish	Siemens gray & dark blue or Brisleri green & white

Optional Features -

- Temperature 960 deg C is also available.
- Side mounted control panel is also available.
- Programable controller available.
- Printer interface available.
