ABOUT US

Amidhara Electric is a reliable name from Rajkot (Gujarat) that is engaged in the production of superior quality flour mill. We manufacture and supply a wide range of Veerdhara Domestic Flour Mill and Veerdhara Commercial Flour Mill. All these products are made from A-grade raw materials that make them durable and long lasting. Apart from quality, our products also excel in appearance. The production process is carried out in our factory that is equipped with hi-techs well as traditional machines & equipment that are required for hassle-free production. Client satisfaction is our main aim and with the combined efforts of our team members, we always achieve that.

Established in the year 1993, Amidhara Electric has proven its mettle in serving the industry's finest quality flour mills within the quickest turnaround time. The company founder i.e. Mr. Viral Upadhyay has been skilfully guiding the teams to work together for achieving the complete satisfaction of the customers. Our company with more than two decades of history has great product, market and logistical intelligence.

WHY US

Working in the industry since 1993, Amidhara Electric has provided the customers with the finest flour mills at affordable prices. Moreover, our advanced distribution network allows us to deliver the products to the clients within the allotted time.

VENDOR BASE

To deliver only the best quality products to the customers, we really focus on choosing the best vendors who can supply us the components exactly in line with the specifications laid by us. We choose vendors after ensuring that they are capable of delivering the materials in bulk and on a timely basis.
