Gemini International has climbed the ladder of success owing to the efficient management of the CEO, Mr. Sanjeev Sharma. Based in Uttar Pradesh, India, we are capable of delivering bulk and urgent order of the products all over the country.

Infrastructure

We are backed by the advanced manufacturing unit which is equipped with advanced testing equipment and latest machinery that enable us in manufacturing an impeccable range of products. We ensure high quality raw materials such as Zinc, Brass, and Iron are procured from vendors for the production processes.

Quality Assurance

The dedicated analysts of our quality team conduct regular checks on the production centres so there is no defect in the product. The final checking & packaging is done at our well equipped packing units to ensure quality is maintained during storage and transportation.

Network

We have a widespread network base and remain consistently in search of the potential domestic markets to offer our premium range of products all over the country. Buyers can rely on us for timely delivering retail or the bulk order of the products.
