

Adinath Industries is based in Madanganj-Kishangarh region of Rajasthan and was established in the year 2008. Mrs. Sangita Jain is the honorable CEO of the company who has profound knowledge of the industry along with a vast experience in the field. Also, she has made her contribution in establishing the company among the reputed Manufacturers, Exporters, and Suppliers of Industrial Minerals.

ABOUT US

Production Capacity

We are possessed with advanced machines, Ball Mill and Hammer Mill that have enabled us to raise the production capacity by manifolds. By using all the resources available with us, we have succeeded in increasing the production capacity up to 3,000 metric tons per month.

Industries We Cater

There are a number of industries in India and Abroad where we supply the Industrial Minerals manufactured by us. Some of the industries where these Industrial Minerals are used to a great extent are Glass Industry, Refractory, Ceramic factory, Vitrified Tiles industry, Iron and Steel Industry, Insulators and others.

Packaging

Where the quality of the products is tested at different levels, there the proper packaging of the products is also assured for their safe delivery. We make use of ameliorating quality HDPE Bags of 50 kgs approx. and Jumbo Bag of 1 metric tons to pack the products in an efficient manner.
