Om Rubber Industries

About Us

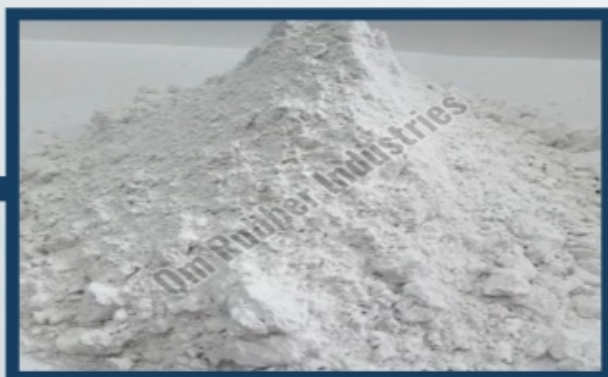

Om Rubber Industries was established in 2017 by Vishvas Patel with a vision to become a leading supplier of industrial minerals in Ahmedabad, Gujarat. We are a trusted exporter, supplier, and trader, offering a comprehensive range of products catering to diverse industrial needs.

At Om Rubber Industries, we are committed to exceeding customer expectations by delivering exceptional quality. We source our minerals from reliable partners and employ stringent quality control measures throughout the procurement and processing stages. This ensures that our products meet the highest industry standards for consistency, purity, and performance.

Customer satisfaction is at the core of our business philosophy. We understand the unique requirements of each client and strive to build long-term partnerships based on trust and mutual respect. Our dedicated team is committed to providing exceptional customer service, offering personalized consultations, timely product deliveries, and ongoing technical support.

Om Rubber Industries is led by a team of experienced professionals with a deep understanding of the industrial minerals market. Our leadership team is passionate about innovation and continuous improvement, ensuring we stay at the forefront of industry trends and developments. We invest in ongoing research and development to optimize our processes and source the latest high-performance minerals.

Our state-of-the-art manufacturing unit is equipped with advanced machinery and technology. This allows us to process minerals efficiently while maintaining the highest quality standards. We are committed to operating in an environmentally responsible manner and have implemented sustainable practices throughout our production processes.
