ABOUT US

Shreeji ENTERPRISE

Shreeji Enterprise (A Partnership Company), Valve-pump & Engineering component manufacturing unit was incorporated in the year 2003 with aim to cater Quality Product requirement of their customers. Company has state of art technological work shop for manufacturing facilitated with 15-CNC & 14-VMC Machine with standard room inspection & measuring facility. Company has its own conventional Shop for Pre machining facilitate with 6 Lathes and 3 drilling machines and others.

The company wishes to meet the present and future needs of their customers by developing, manufacturing & marketing quality products. The company aims to sell the quality product rather than the more products. Shreeji Enterprise supplies fully finished components of forging flanges , forging Ring & investment castings & Bar stock Components & Valve-pump parts to their customer of Original equipment manufacturers.

The company is located at 2, Rani Industrial Area, Bh. Parin Furniture, National Highway 8-B, Rajkot having 9600 Square feet of building area. The company has an extensive manufacturing capability with strengthen techno commercial team for marketing people. Company has started its activity with 5 Lac/ annual turn over and within 10 years Today Company's turnover is 1100 Lac per annum.

Annual Turnover	: Rs. 10 to 15 Crore Approx
Name of Founder	: Mr. Chirag Patel
Year of Establishment	: 2003
Nature of Business	: Manufacturer, Exporter, Supplier & Service Provider
Number of Employees	: 90+
Market Covered	: India, Vietnam, Thailand, Dubai, Singapore, Malaysia, Germany, United Kingdom, USA, Saudi Arabia, Canada, UAE, Indonesia, Italy, France & Spain
GST No	: 24AAWFS7471H1ZJ
Legal Status of Firm	: Partnership Firm

OUR PRODUCTS

SHREEJI ENTERPRISE

Aluminium Turned Components

Business Type : Manufacturer, Exporter, Supplier
 Color : Grey
 Application : Electronics, Automotive, Pneumatics, Instrumentation Aerospace
 Country of Origin : India

Engineering Components

Business Type : Manufacturer, Exporter, Supplier
 Material : Mild Steel, Stainless Steel (SS 304/316), Aluminium
 Application : Auto Parts, Pump Assemblies, Industrial Machines.

Forged Machined Component

Business Type : Manufacturer, Exporter, Supplier
 Material : Mild Steel, Stainless Steel, Aluminium (As Per Requirement)
 Application : Industrial
 Country of Origin : India

Precision CNC Machined Components

Business Type : Manufacturer, Exporter, Supplier
 Shape : Customer According
 Country of Origin : India
 Usage/Application : Pumps, Valves, Connectors, Assemblies, Hydraulic Systems

Stainless Steel Milling Components

Business Type : Manufacturer, Exporter, Supplier
 Material : Stainless Steel
 Color : Grey
 Application : Industrial Equipment, Flow Control Parts, OEM Components, Etc.

Stainless Steel Precision Components

Business Type : Manufacturer, Exporter, Supplier
 Country of Origin : India
 Application : Pumps, Valves, Instruments, Automation Systems, Aerospace, Marine
 Material : Stainless Steel

Stainless Steel Turned

Business Type : Manufacturer, Exporter, Supplier
 Country of Origin : India
 Usage/Application : Automotive, Industrial Equipment, Valves, Pumps, Connectors
 Material : Stainless Steel

Valve and Pump Components

Business Type : Manufacturer, Exporter, Supplier
 Material : Mild Steel, Stainless Steel (SS 304, SS 316), Aluminium As Per Client Requirement
 Application : Valves, Pumps

OUR PRODUCTS

SHREEJI ENTERPRISE

CNC Machined Parts

Business Type : Manufacturer, Exporter, Supplier
Country : India
Usage/App. : Valves, Pumps, Fittings, Machinery Components
Material : Mild Steel, Stainless Steel (SS 304/316),

Customized Metal Parts

Business Type : Manufacturer, Exporter, Supplier
Country : India
Application : Pumps, Valves, Industrial Assemblies, Mechanical Parts
Finishing : Machined, Powder Coated,

Forging Machined Parts

Business Type : Manufacturer, Exporter, Supplier
Country : India
Size : Customized
Application : Automotive, Power Transmission, Oil & Gas, Industrial Machine

Heavy Duty Industrial Parts

Business Type : Manufacturer, Exporter, Supplier
Application : Heavy Machinery, Construction Equipment, Pumps, Valves, Industrial Plants
Material : Mild Steel, Stainless Steel, Aluminum

Metal Industrial Parts

Business Type : Manufacturer, Exporter, Supplier
Usage : Pumps, Valves, Flanges, Pipe Fittings, Mechanical Assemblies
Country : India
Material : Metal

Mild Steel Machined Parts

Business Type : Manufacturer, Exporter, Supplier
Country : India
Size : Customized
Application : Automotive, Heavy Equipment, Industrial Machines, Construction

Pump Body Parts

Business Type : Manufacturer, Exporter, Supplier
Country : India
Size : Customized
Usage/App. : Industrial

Stainless Steel Bar Stock Parts

Business Type : Manufacturer, Exporter, Supplier
Country : India
Application : Industrial Equipment, Flow Control Parts, OEM Components, Etc.
Shape : Customer According

OUR PRODUCTS

SHREEJI ENTERPRISE

Bar Stock Valve Parts

Business Type : Manufacturer, Exporter, Supplier
Country : India
Material : Stainless Steel, Mild Steel, Aluminum Etc.
Finishing : Machined / Polished / Plated (As per requirement)

Metal Valve Parts

Business Type : Manufacturer, Exporter, Supplier
Size : Customized
Material : Metal
Application : Industrial

Precision Valve Parts

Business Type : Manufacturer, Exporter, Supplier
Size : Customized
Material : Stainless Steel
Connection Type : Flanged

Pump Valve Parts

Business Type : Manufacturer, Exporter, Supplier
Material : Mild Steel, Stainless Steel (304/316), Aluminum, Etc.
Country : India
Usage/Appl. : Industrial Valves, Control Valves, Booster Pumps, etc.

Aluminium Anodizing Parts

Business Type : Manufacturer, Exporter, Supplier
Country : India
Size : Customized
Application : Industrial

Aluminium Bar

Business Type : Manufacturer, Exporter, Supplier
Country : India
Application : Automotive, Electronics, Industrial Equipment, Pneumatics, Valves, Pumps, Etc.
Color : Grey

Aluminium Custom Parts

Business Type : Manufacturer, Exporter, Supplier
Country : India
Size : Customized
Application : Industrial Use

Aluminium Vmc Machined Components

Business Type : Manufacturer, Exporter, Supplier
Country : India
Feature : Aerospace, Auto Parts, Electrical Components, Precision Instruments
Size : Customized

Custom Forged Rings

Business Type : Manufacturer,
Exporter,
Supplier
Country of
Origin : India
Thickness : 25-50mm
Color : Metallic

Heavy Forged Rings

Business Type : Manufacturer,
Exporter,
Supplier
Country of
Origin : India
Thickness : 10-15mm
Application : Industrial

Rolled Forged Rings

Business Type : Manufacturer,
Exporter,
Supplier
Country of
Origin : India
Color : Metallic
Shape : Round

Round Forged Rings

Business Type : Manufacturer,
Exporter,
Supplier
Country of
Origin : India
Application : Industrial
Shape : Round

Forged Flanges

Business Type : Manufacturer,
Exporter,
Supplier
Country
Size : Maximum 12" x
12" (Custom
sizes available)
Application : Pipeline
Systems, Valves,
Pumps,
Industrial
Fittings

Mild Steel Flanges

Business Type : Manufacturer,
Exporter,
Supplier
Country : India
Certification : ISI Certified
Size : Customized

Pipe Flanges

Business Type : Manufacturer,
Exporter,
Supplier
Country
Size : Maximum 12"
x 12" As per
customer
requirement
Usage : Pipe Fittings,
Valves,
Industrial
Joints, Etc.

Stainless Steel Flanges

Business Type : Manufacturer,
Exporter,
Supplier
Country of
Origin : India
Thickness : 5-10mm
Size : Customized

OUR PRODUCTS

SHREEJI ENTERPRISE

CNC Machining Services

CNC Machining Services offer precision machining solutions using advanced Computer Numerical Control (CNC) technology. These services are ideal for producing complex parts with high accuracy and consistency across industries like automotive, aerospace, electronics, and manufacturing. Skilled technicians operate CNC machines to carry out milling, turning, drilling, and cutting tasks based on client specifications.

Vmc Machining Services

VMC Machining Services specialize in high-precision machining using Vertical Machining Centers (VMC), which are ideal for intricate and detailed component manufacturing. These services cater to various industries such as automotive, aerospace, medical, and engineering by offering efficient milling, drilling, and tapping operations. With computer-controlled VMC

Bar Stock Machining Services

Bar Stock Machining Services involve precision manufacturing of components from solid metal or plastic bars using advanced CNC machines. These services are widely used in industries like automotive, aerospace, medical, and defense for producing high-strength, durable parts. Bar stock material—available in round, square, or hexagonal shapes—is machined into

Flange Machining Services

Flange Machining Services offer precision engineering solutions for manufacturing and finishing various types of flanges used in piping, automotive, and industrial systems. Utilizing advanced CNC machines, these services ensure accurate dimensions, smooth surfaces, and tight tolerances for a perfect fit and leak-proof sealing. The process includes facing, drilling, boring, and tapping, tailored to client

Ring Rolling Forging Services

Material : Stainless Steel
Country of Origin : India
Type : Ring Rolling Forging Services
Packaging : Custom
Packaging Based On Client Requirements

Valve Parts Manufacturing Services

Type : Valve Parts Manufacturing Services
Material Usage : Metal Alloys
Industrial Valve Manufacturing
Service Provider : Specialized Manufacturing Companies

Pump Parts Manufacturing Service

Type : Manufacturing Service
Material : Various Materials
Application : Manufacturing Pump Parts
Compatibility : Customized For Different Pump Models
