

## **Laford Agrotech Limited**

Laford Agrotech Limited is one of the leading names when you are searching for excellent quality fertiliser and plant regulator products.

## ABOUT US

Laford Agrotech Limited is one of the leading names when you are searching for excellent quality fertiliser and plant regulator products. We started our journey in the year 2009 in Gurugram, Haryana, as a prominent and reliable retailer and supplier of high-quality biostimulants, plant growth regulators, amino acids, potassium humate, organic pesticides, bio fertilisers, seaweed extract, organic fertilisers, fulvic acids and many more products.

With a thriving experience of 13 years, we have been able to earn appreciation and heaps of compliments for manufacturing excellent quality plant growth products that are proven to be extremely effective for organic farming. Each of our products consists of noticeable quality, impressive ingredients and the capacity to offer high production.

All our plant growth products are made with the latest scientific methods and top-quality raw materials. As a renowned brand, we supply products that are formulated with 100% natural ingredients which ensure the highest eco-friendliness and production capacity.

Our highly trained experts and labourers work in a closely-fastened team and are motivated to deliver the best plant growth products to our clients. We perform endless research on products and adopt the most inventive methods which help us to supply the best products for better plant growth.

We have become popular because of the variety and quality of our products. Our products are famous among the clients because of their high capacity to offer better production, incredible ingredients and class-apart quality.

The products Laford Agrotech Limited delivers can fulfil all the demands of our customers and bring satisfaction to them. Plan a call immediately to know more information about our plant growth products.
