OCCUPATIONAL HEALTH & SAFETY POLICY

N M Shah Metcoke Private Limited's philosophy on safety is

“Work safe, live safe”

This statement reflects our belief that safety is a never-ending responsibility of everyone. It does not just start in the morning when you arrive at work and stop when you leave work to go home to your families. It's a way of life that ensures that you, your co-workers, your family, your community and the Company all benefit.

The very nature of mining carries some risks. Our responsibility as an employer is to provide a safe working environment for you, the training to identify hazards and how to work safely around them and when risks present themselves, to take measures to eliminate or minimize them to the greatest degree possible. To this end, n m shah metcoke pvt ltd is committed to the following:

- ❖ We will provide you with the necessary equipment and tools(PPE) to conduct your job in a safe manner and we will enforce its use;

- ❖ We will establish policies and procedures that reflect proven, best practice, safe ways to run our operations;
- ❖ We will provide every employee with the training necessary to conduct their jobs safely and properly;
- ❖ Should accidents occur, we will conduct an in-depth investigation and determine how to avoid their reoccurrence;
- ❖ We will not compromise the safety of anyone for the sake of production.

As safety is a shared responsibility, we require your commitment to follow all health and safety policies and procedures, to continually monitor your workplace and the safety of your co-workers, to identify and report any unsafe conditions to your supervisor and to promote safety in everything you do.

No job is worth doing unsafely - none. We ask you to remember this every minute of the day, not just for yourself but for your co-workers and your families.

Our Driving Policy:

Don't be a statistic...

**Drive smart and live to
enjoy every second of
your life.**

Security Policy of our Transporting

- GPS system:- Our All Tripper having Fixed GPS System In order to monitor the correct position of the Tripper.
- Cover & Seal:- After loading the tripper should be cover the load body by Tripal and after Sealed completely by specific type of seal.
- We have our technical team having a complete MIS system in order to monitor the Goods & Vehicle.
