About Us

S M Marketing is a trusted name serving the industries of chemical and ceramic tiles. We are reckoned as a manufacturer, supplier, and exporter of various chemicals like different types of soda ash, raw clay, and sodium tripolyphosphate. Apart from this, our work is also appreciated in the production, supply, and export of various floor tiles, wall tiles, and vitrified tiles. Being a responsible entity in the industry, we have been serving without compromising on the quality of our products. The raw material for chemicals is thoroughly judged as per their molecule and atom formation. Only after a successful diffusion, we use the right combination for manufacturing chemicals. Similarly, the raw material for producing different tiles is procured from licensed purveyors in the market. For more details, you can connect with us by dialing the hotline number.

S M Marketing is a Gujarat-based company in Morbi. It was established with an aim of simplification in the production of chemicals and ceramic tiles. We are supported by full-fledged teams of professional employees. They are engaged in serving clients according to their query. We always try exceeding the expectation of clients by giving them the best experience of purchasing chemicals and ceramic tiles.

The Supplies

After the final production of chemicals like different types of black soda ash, raw clay, and sodium tripolyphosphate, their quality is checked before they are supplied or exported. The same applies to the supply of ceramic tiles. All tiles are checked prior to their sale and export.

Our Clientele

Being a responsible entity in the industry, we have always brought the best products to our clients, whether in Gujarat or overseas. Due to this, we have emerged as a reliable brand and established a reliable clientele globally.

Choose Us

Clients not only in India, but overseas, prefer us because of the quality of products that we manufacture, supply, and export. It is assured from our end that a product dispatched is delivered on the given date or not. We respect punctuality and never disappoint our clients.
