

Home Decor INC

Home Décor INC was incepted to mobilize rural craft products from the best artisans of India by employing them in our company.

Home Décor INC was incepted to mobilize rural craft products from the best artisans of India by employing them in our company. We have earned ourselves a name in the industry as manufacturers who have been recognized for the premium quality macramé products that we manufacture.

Home Décor INC was incepted to mobilize rural craft products from the best artisans of India by employing them in our company. We have earned ourselves a name in the industry as manufacturers who have been recognized for the premium quality macramé products that we manufacture.

We are renowned as manufacturers of macramé bags, plant hangers, wall hangings, table runners, plant stands, wall plant hangers, shelf hangers, curtains, cushion covers, pillow covers, hammocks, key chains and lampshades.

We have a very skilled and efficient team of 20 workers continuously working to manufacture the best quality products that we have been supplying globally from our manufacturing unit in Noida in Uttar Pradesh.

With the support and help of our founder Mr. Vishal, we have been able to serve our customers who are highly satisfied with our quality items. We maintain an open and flexible relationship with our customers so that we innovate and improvise on what we are already manufacturing. This is to enhance the quality of our work and leave a lasting impression in the world market as manufacturers of premium quality macramé items.

With the experience that we have garnered over the years, we have been able to achieve zero-defect items that have been well accepted in all the markets. We always strive to maintain the standard that we have already achieved.
