ABOUT US

THOMAS INTERNATIONAL is ISO 9001 : 2015 certified & a leading "NATIONAL AWARD" winning manufacturers and exporters based in Chennai (India). Their products are agro-based, food processing machineries & agricultural implements catering to requirements of importers all over the world particularly African countries.

Managing Partner

The Managing Partner, Mr A.R THOMAS PINHEIRO was the one who was in-charge of designing, modifying machineries as desired by importers and manufacturing agro-based and food processing machineries in the highly reputed concern M/s, RAJAN UNIVERSAL EXPORTS (MFRS) PVT. LTD, This concern has earned a unique name in the field of manufacturing and exporting agro-based and food processing machineries to importers all over the world and to projects funded by various wings of United Nations

Organisations

With such a rich experience of about 30 years gained in the highly reputed concern under the able guidance of his father Dr.A.R PINHEIRO, the Chairman & Managing Director- M/s. RAJAN UNIVERSAL EXPORTS (MFRS) PVT.LTD, Chennai, Mr. A R THOMAS, has established THOMAS INTERNATIONAL with his blessings & bear the following brand names- "REEJA" AND "NANS"

Products: BRAND NAMES- "REEJA" & "NANS" Agricultural & food processing machineries are much- sought after by importers from developing and under-developed countries. These products are sold like hot cakes all over the world & especially the African sub-continent. Changes, modifications and alterations in the machineries as desired by importers are well received and incorporated to the utmost satisfaction of importers.

"REEJA" and "NANS" brand machineries are equivalent to those of reputed "HUNT" (UK), "GRANTEX" (UK) "RAJA" & "AMUDA" (INDIA) and The "BOURGOIN" (France).

The company has been catering to the requirements of UNDP and such other organizations on UNO. They have participated in International tenders for World Bank aided projects in African Countries & bagged the awards of contracts. They have been receiving advance payments from importers all over the world Their field is not confined to agricultural and food processing alone.

Their products include

- Auto for tourist and other transportation vehicles for rural areas
- Cycle rickshaws for tourist's joy ride.
- Kerosene operated egg incubators & hand operated agricultural & food processing machineries for areas where supply of electric power is not available to many under- developed countries.

Inspection Prior To Shipment : Prior to shipment for quality and quantity of goods is carried out by inspecting agency authorized by country of import.

- Stuffing : In container is done in the presence of our staff.
- Rates : Are very competitive when compared to high quality.
- Packing : Can withstand rough handling without slightest damage to machineries
- Spare Parts: Are available and supplied as and when required even after one or two decades
