# KRYKARD

1-PHASE SERVO VOLTAGE STABILISER

## KRYKARD 5 KVA To 5000 KVA Servo Voltage Stabiliser

**KRYKARD**  
Microcontroller based advance  
Servo Voltage Stabiliser  
On Cloud Service Portal &  
Electronic Service Reports.

# KRYKARD

Servo Voltage Stabiliser

# JA DEEP

Power Solution Pvt. Ltd.

- Microprocessor controlled
- Digital Voltage, Current & Frequency display
- Comprehensive protection
- Pan-India sales & service network
- High-efficiency
- Rugged design with high MTBF

### Comprehensive Protection :

- Under / Over voltage trip - The trip points can be set as per requirements
- Electronic Overload trip - CT based current sensing for accurate and reliable protection, activates beyond 110% of rated current, with programmable time delay to override inrush currents
- Short circuit protection
- Single phasing protection
- Phase reversal protection
- Manual service bypass for emergencies
- Emergency stop for safety

Mr. Jaideep Deshmukh

Road, Anand nagar MIDC, Additional MIDC ,  
Ambarnath East -421506.

## Emerson – Vertive UPS

### Range Starts from 1KVA to 1000KVA.

- Fully-digital control with high output voltage precision.
  - Inbuilt isolation transformer
- Early Warning of UPS System Status
  - Periodic Battery Testing
  - Power-Factor Correction
- Lightning and Surge Protection
  - Wide Input Voltage Window

Mr. Jaideep Deshmukh
