ABOUT US

Surajmukhi Tea Private Limited has pervaded the tea market with its omnipresent presence since 2006. Since then our focus has always been on blending and balancing the perfect taste to the satisfaction of our customers all over the world. We always give priority to maintaining our distinctive flavour, aroma and strength in the required proportions.

We maintain quality by selecting the leaves very carefully from the gardens of Darjeeling and Assam. Every plant is different from region to region. So we are very careful but, we do it under the vigilant eyes and guidance of our founder and Director, Mr. Ankit Lochan. We cater with various grades of Darjeeling and Assam tea, black and green tea all blended variously.

Established with the vision to cater to customer's satisfaction, we have maintained our consistent supply of Darjeeling and Assam tea to perfection. Today we are an ISO 9001:2015 and HACCP certified company catering to clients from China, the USA, France, the UK, Canada, Switzerland and many other countries. That we have established a long clientele list is a matter of pride for us at Surajmukhi Tea Private Limited.

Today we are the proud owner of a huge processing unit in Siliguri in West Bengal that houses a plant in all of 5000 square feet with 4 machines that can process 100 metric tonnes of tea per month. From here, we have been able to consistently cater to the ever-changing needs and demands of the evolving market.
