

# JAY AMBE INDUSTRIES

Jay Ambe Industries is a famous supplier of best quality industrial equipment. The list of products that we offer includes ball valve, connecting rod, hex nipple, oil filter bolt, suction valve nipple, and vacuum suction valve.

**JAY AMBE INDUSTRIES** is a famous supplier of best quality industrial equipment. The list of products that we offer includes ball valve, connecting rod, hex nipple, oil filter bolt, suction valve nipple, and vacuum suction valve. In addition to this, we also supply metal shaft and valve tappet. The ball valves that we make available are widely appreciated for being sturdy and resistant against corrosion. We offer connecting rod, which is known for its long service life. The tensile strength and corrosion resistance are the major attributes of our hex nipple. Moreover, our expertise in offering oil filter bolt, suction valve nipple, and vacuum suction valve has allowed us to gain a huge clientele all over Rajkot. We also offer metal shaft and valve tappet, which are widely known for their efficient performance and superb quality. Customers can purchase our products in a wide variety of sizes and specifications.

Incepted in 1984, **JAY AMBE INDUSTRIES** is headquartered at Rajkot (Gujarat, India). Working in the industry for more than 35 years, we have gained a long list of satisfied clients in the city and also have achieved many heights of success as well.

### **LOGISTICS**

Since our inception in the industry, we have set our aim of reaching to our customers as soon as possible. To achieve this feat, we have hired a team of adroit logistics professionals, who have a rich experience of this domain and hold expertise in delivering our product range at different locations timely and efficiently.

### **WHY CHOOSE US?**

Working in the industry for more than three decades now, we have set our standards high and have delivered the best products to the customer every time. This has allowed us to become the foremost choice of the clients to purchase superior quality industrial equipment as well.
