ABOUT US

GSG COIRS is one of the reputed names from Udumalpet (Tamil Nadu) that deals in different types of coir based products. We are recognized as a trustworthy manufacturer, exporter, and supplier of brown coir rope, coconut coir rope, coir mats, Coir Pith Powder, coir yarn, and coir fiber. We specialize in manufacturing coconut fiber and coir yarn as per customers' specific requirements. By offering these premium quality products and matchless customer service, we have earned the trust of the valuable customers in the domestic market. We look forward to serving the customers in the best possible way by providing them with the finest products.

The foundation stone of GSG Coirs was laid by the serving owner of the company, who has vast industry experience to his credit. Under the astute guidance of the owner, the company has gained widespread immense recognition in the business of coir manufacturing and trading. We are committed to keep improving as an enterprise all the time.

INFRASTRUCTURE

We are backed up by a well-established infrastructural setup. Our product manufacturing works have been taking place in a spacious place and the latest manufacturing technology contributes to our production process. Apart from this, the hard work of a specialist team has been a major contributor to the unmatched quality of our coir-based products.

WHY US

We serve as the preferred choice for procuring the finest coir products, and there are a number of factors that are responsible for the same:

- A wide range of coir products at reasonable prices
- An experienced team of dedicated professionals
- Latest manufacturing techniques
- Quality testing facilities
- Robust infrastructural set-up
- Customer friendly nature
