

DIVYAM ENTERPRISES

ABOUT US

Divyam Enterprises is a firm that is acknowledged for trading in all types of LED products, both finished products and raw materials. We are a well-noted manufacturer and supplier of all in one solar light, fluid light, AC DC rechargeable bulb, square tube light, DOB plates, flood light, LED bulbs, LED COB lights, LED bulb housing, tikki press machine, LED bulb raw materials, and much more. These LED products and raw materials are manufactured with best quality materials, which are procured from certified and most reliable vendors from the industry. Our belief is firm upon providing only fine quality products and supply them safely to our revered patrons. Our products are available in different LED markets located in India. We distribute these LED products at the best market leading prices.

Divyam Enterprises, situated in Indore (Madhya Pradesh, India), is a company that is known in the market for manufacturing and supplying the high quality LED products like LED bulb housing, DOB plates, square tube light, fluid light, and many others. The company is operating in the LED markets since the year 2019.

Our Infrastructure

We are backed by a state-of-the-art infrastructure that is segregated in separate sections like procurement, manufacturing, quality testing, warehousing, and logistics. Operating with these departments at our infrastructure helps us in functioning smoothly.

Our Distribution Network

Owing to our efficient logistics department, we are able to distribute our assortment of LED products in different markets across India. Our distribution network is spread in areas like Assam, Hyderabad, Mumbai, Rajasthan, Madhya Pradesh, Bihar, Orissa, Tamil Nadu, Bangalore, Karnataka, Kerala, and other states.
