

## **Vijaya Sales**

Vijaya Sales is a trusted supplier of industrial minerals and construction materials. The company commenced its journey with an aim to provide the finest quality of minerals extracted from ores for the production of different products.

## **“GOOD IS NOT ENOUGH WHERE BETTER IS EXPECTED”**

As per the statistics, Rajasthan is the second largest mineral producing state in India and houses about 90% of the total mineral reserves of the country. In fact, minerals and mining sector of Rajasthan is the second prominent sector next to Agriculture. There are about 42 major and 28 minor minerals found in the region including white and bright Wollastonite, Lead, Zinc, Calcite, Gypsum, Rock Phosphate, Marble, Sandstone and Serpentine (Green Marble), Dolomite, Emeralds & Garnets.

As an organization we believe that everyone deserves to have an excellent quality of products for which they are paying, but at the same time we also acknowledge that single solution does not fit all approach and this fact laid the foundation of Vijaya Sales with diversified portfolio, and since our head office is based at Jodhpur, Rajasthan we took up this challenge to cater the clients from different industries, without compromising on quality.

Our committed team members coupled with their extensive experience and broad application know-how always strive to provide excellent service & feasible solution to our valued Customers. Hence we always convey our clients that,  
**“GOOD IS NOT ENOUGH WHERE BETTER IS EXPECTED”.**

### **What else we offer!**

We offer top quality and competitively priced products worldwide. We can deliver the products to you warehouse or you pick it up from your local port.

We wish to expand our network across the Globe and create successful ventures through our associates, whom we will be proud to refer as our assets.

If you are involved in the International trade as a trader, sourcing agent, exporter, importer, intermediate, financier, shipping agent or as a trade development officer in your country feel free to contact us and express your interest.
