About Us

Being one of the most expert chemicals firms, we at Galaxy Research Technologies is serving the needs of the customers since 2013. We are dedicated to manufacturing, supplying, and exporters the best quality chemical products. Our product list includes Active Zinc Oxide, Antibacterial Hollow Fiber Membrane, Composite Hollow Fiber Membrane, Hollow Fibe Membrane, Membrane Bioreactor, MF/UF/NF Hollow Fiber Membranes, OSF Hollow Fiber Membranes, Ultrafiltration Membrane, and Zinc Ash, etc.

Our state-of-the-art technology assists to give the products by following the best global standard. Now, with our multi-locational plants and the best manufacturing practices, we are a fast-growing group known for the best quality, competitive, and consistent quality solutions in the special Chemical.

Our vision is to be a polite, value-driven, and Innovative manufacturer using our Natural resources optimally, for creating products that are as eco-friendly and perfect as Nature herself. It will not just add value to our customer's business but also make sure to maintain our ecosystem for future generations.

Our team including of administrators, technicians, engineers, quality controllers, research and development personnel, warehousing personnel, packaging professionals, transportation personnel, and even sales executives. Galaxy Research Technologies export our products all over the world.

Our transportation system is well-organized and reliable and has allowed us to deliver products within a fixed period across the globe. Contact us for more information.

Our Products

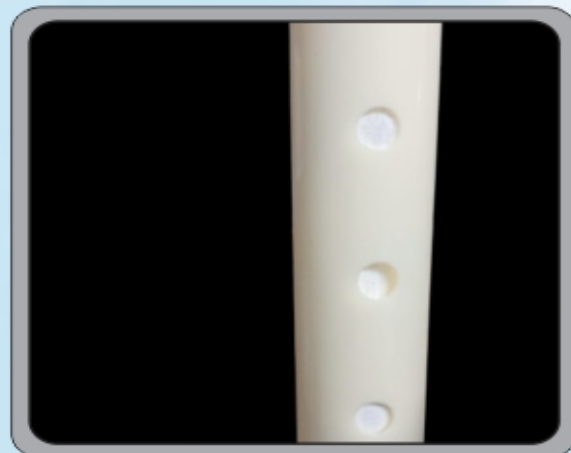

20 inch washable UF Membrane Filter

Business Type	: Manufacturer, Exporter, Supplier, Retailer, Wholesaler
Country of Origin	: India
Type	: Cartridge Filter
Brand Name	: MEMFILL

20 inch jumbo UF filter only

Business Type	: Manufacturer, Supplier
Type	: Hollow Fiber Membrane
Material	: PES And PVDF
Process	: Microfiltration and Ultrafiltration

8 Inch Microfiltration Cartridge

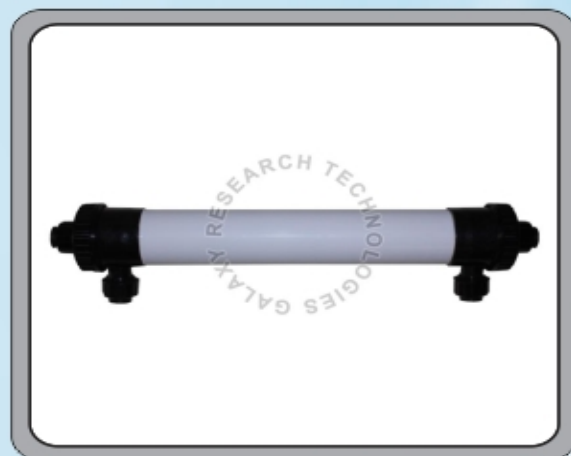

Business Type	: Manufacturer, Supplier
Country of Origin	: India
Product Code	: MF-PVDF-60-8060
Preferred Buyer	
From Location	: Worldwide

Our Products

4 Inch PES Ultrafiltration Cartridge

Business Type	:	Manufacturer, Exporter, Supplier, Retailer, Wholesaler
Country of Origin	:	India
Type	:	Ultrafiltration Membranes
Diameter	:	4inch

8 Inch PES Ultrafiltration Cartridge

Business Type	:	Manufacturer, Exporter, Supplier, Retailer, Wholesaler
Country of Origin	:	India
Type	:	Ultrafiltration Membranes
Diameter	:	8inch

4 Inch PVDF Ultrafiltration Cartridge

Business Type	:	Manufacturer, Supplier
Operating Temperature	:	5-40°C
Max operating pressure	:	~ 3 Bar
Operating Mode	:	Cross Flow Or Dead-end Flow

Our Products

8 Inch PVDF Ultrafiltration Cartridge

Business Type	: Manufacturer, Supplier
Product Model- High Flux	: UF8-F50
Membrane Material	: Proprietary Reinforced PVDF
Shell and Seal Materials	: UPVC & Epoxy Resin

Membrane Bioreactor

Business Type	: Manufacturer, Exporter, Supplier, Retailer, Wholesaler
Country of Origin	: India
Type	: Membrane Bio Reactors
Automatic Grade	: Semi-Automatic

Sewage Treatment Plant (STP)

Business Type	: Manufacturer, Supplier
Capacity	: 10 KLD To 1000 KLD
Driven Type	: Electric
Brand Name	: MEMFILL

Our Products

Active Zinc Oxide

Business Type	: Manufacturer, Supplier
Product Model - HighFlux	: UF8-F50
Membrane Material	: Proprietary Reinforced PVDF
Shell and Seal Materials	: UPVC & Epoxy Resin

Sewage Water Treatment Plant Installation

Business Type	: Manufacturer, Exporter, Supplier, Retailer, Wholesaler
Country of Origin	: India
Type	: Membrane Bio Reactors
Automatic Grade	: Semi-Automatic
