ABOUT US

S. R Scrap is a noteworthy name when it comes to sourcing products in small and massive quantities. The company got established as a manufacturer and supplier of products like PET bottle flakes and PP granules/ The entire selection is prepared at our facility using superior grade basic material and advanced production techniques. Our business objective is to grow in mutual harmony with traders and through innovative solutions. At S. R Scrap, technology is mixed with creativity and expertise to develop an unrivaled product line. Buyers can approach us anytime for procuring the aforementioned products in small or massive quantities.

S. R Scrap is a flourishing name in the area of operations. Mr. Sahil Dudhwala is the company founder. He started S. R Scrap in 2019 with a vision to become a preferred choice of the clients. The company is headquartered in Surat (Gujarat, India) and we are acknowledged for making safe & scheduled shipments.

Production and Storage

Production: The company has all the required amenities and facilities at its infrastructural base to conduct operations in a hassle-free manner. We have a dedicated production unit, wherein we execute our operations as per the norms of the industry.

Storage: A spacious unit featuring modern inventory management system enables us to maintain stocks under suitable conditions and process them as per the demands of the clients.

Packaging and Distribution

Packaging: The material that we use for product packaging is quality-tested and eco-friendly. Besides, we undertake tailored demands for packaging and private labeling.

Distribution: Within a small time, we have established a strong network of dealers and distributors. With their support, we have been successfully serving retail and massive product demands of the clients within the provided timeline.
