

K M IMPEX

K M Impex is a name that is counted amongst the eminent fraternities that are involved in the business of offering the iron scrap for different industries. We are a noteworthy supplier of various types of iron scraps. The scrap is procured from some of the reliable resources that are the producers or manufacturers of iron products. The left overs, which are in good condition, are supplied to us. We ensure that none of the iron scraps are wasted. The left over iron material is converted into scrap material and packaged into suitable packaging materials. Our distribution network is spread across the major industries within India. The iron scrap in different packaging specifications is available at the best market leading prices. Headquartered in Surat (Gujarat, India)
