Running under the guidance of a visionary leader, Mr. Vignesh Parmar, the owner of the company, United Insecticides Pvt Ltd has gained a trusted position in the market. The company is based in Morbi, Gujarat and it has successfully spread its business in the Indian markets.

Vision and Mission

We help in improving of life for the world's population by supplying quality products that helps our farmers increasing yields and crop quality to satisfy global demand for food, feed, fibers and energy. We work with a clear vision to create results for our customers by supplying broad range of quality crop protection products. Moreover, we strongly believe in creating and offering Value for Money.

Our Infrastructure

With the help of such a huge experience, we are able to deliver the best quality products. Our company owns a state of art R & D center as well as good laboratory facility which is being managed by skilled, experienced & qualified employees. The reason for which we are able to provide the best quality products is due to facility of latest laboratory, machinery and huge infrastructure, which provides good quality of material. Currently we are providing Insecticides, Fungicides, Herbicides & Plant Growth Regulator, and these are the future of agriculture. We will keep providing you better products through this new technology. Moreover, we are having capacity of commercial production, we are also having qualified and vast marketing staffs who strive to provide best and on time service to our distributors, dealers & farmers.

Client Satisfaction

We strongly believe in integrity in all our thoughts and actions and we act fairly in our dealings with customers, employees and in collaboration with clients, vendors and partners. In order to stand ahead of our competitors, we work extremely hard in maximizing the contentment level of our honorable patrons. The products that we offer to the customers are formulated in compliance with the industry standards. To meet the desires of our customers, we provide our products in customized packing. We have been able to gain the faith of large number of clients.

Our Team

We are backed by a sincere team of professionals, which assists us in every stage of our business to be renowned in the domain. The professionals working with us are the master of their respective domains, which benefit them in processing highly effective

products. Our professionals work in close coordination among themselves as well as with customers to meet the needs of the clients. We regularly arrange training sessions and seminars to keep our team members updated with advancement in the market.

Quality Policy

We are an ISO 9001 -2008 certified company, which is dedicated towards bringing the best to the clients. We strive continually to reach and maintain quality in every aspect, such as -

- Total commitment for customer satisfaction.
- Protection and Advancement of Environment.
- Market Leadership.
- Strive for Quality Excellence.

Factory & Infrastructure

Our widespread infrastructure is spread over an area of 2 acres, wherein we have modern machinery and fully-automatic line of production having a capacity of producing 2 to 3 tons per day. We have one factory wherein multiple raw-materials are put to use in an efficient manner.
