Advanced Technology Services Pvt Ltd**

Bhola Biswas Inspection & Advanced Technology Services Pvt Ltd is a Palakkad (Kerala) based company, engaged in the service sector and offering world-class inspection services.

BHOLA BISWAS INSPECTION & ADVANCED TECHNOLOGY SERVICES PVT LTD

is a Palakkad (Kerala) based company, engaged in the service sector and offering world-class inspection services. We are one of the leading service providers in the industry providing different types of inspection services NDT inspection service, magnetic particle inspection service, liquid penetrant inspection service, API inspection service, radiographic inspection service, ultrasonic inspection service, advanced NDT inspection service, and many more. All our service cater to the industrial needs of corporate clients. We have a loyal client base that keeps appreciating the quality of our inspection service and their patronage inspires us to do even better to exceed their expectations.

The foundation stone of **BHOLA BISWAS INSPECTION & ADVANCED TECHNOLOGY SERVICES PVT LTD** was laid in the year 2010 in Jamnagar Palakkad (Kerala). Since then, the company has been growing by leaps and bounds under the astute guidance of Sateesh, who is the owner of the organization.

TEAM

The company's operations are fueled by a team of white-collar & blue-collar personnel. Some of the essential team players behind our success are:

Plant Inspectors (API & Conversant) and NDT Technicians
Co-coordinators
Civil Engineers (Refractory)
Total Station Surveyor
Draughtsman
Structural Audit Professionals

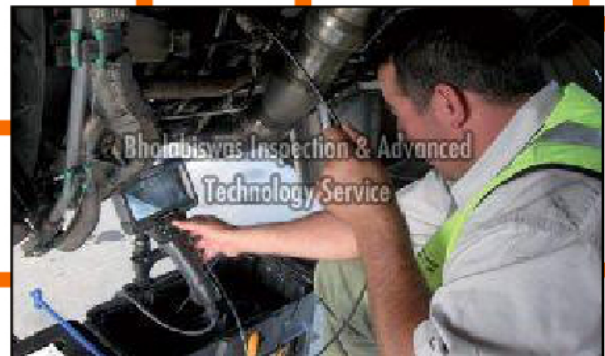

Our team excels in conducting Finite Element Analysis (FEM) program with the code of practices (British Standard BS 2573 Part 1&2). We provide special NDT services such as RFET/ECT/NFT/MFL etc. and provide advanced NDT services.

WHY US

We have developed a good reputation and goodwill in the market for providing qualified and experienced engineers, inspectors & designers with advanced technology's knowledge. Our services for NDT comply with standards followed in petrochemical industries, fertilizer plants, offshore rigs, civil, aeronautical and systems engineering.
