

Shree Swami Bricks

Industries

Shree Swami Bricks Industries is a market leader in the field of Construction Products such as Clay Bricks and Red Bricks. Also, we are involved in rendering ideal Brick Plant Set Up Consultant services. We are the noted Manufacturer, Exporter and Supplier of Quality Bricks of highest compressive Strength. The products are made from high quality raw materials making them durable, reliable, and long lasting in nature. They are extensively used in construction projects. Our aim is to satisfy all the needs of the customers with highest quality, timely delivery, and effective pricing. Reliability, integrity, and trustworthiness are the ethics that we value while dealing with our valued clients. Right from the production to the final packaging of the products, quality control is maintained at all stages of our business process. Consequently, we are recognized as one of the Trusted Manufacturers of Bricks in India.

Shree Swami Bricks Industries is located at Hatha Village in the Dist. Akola in the state of Maharashtra. We have been in the business from last five decades. Under the headship of Shri Devrao Kapade (Chairman) & Shri Kishor Devrao Kapade (CEO) we have emerged as one of the trusted Manufactures and Suppliers of Clay Bricks and Red Bricks.

Infrastructure

Our robust infrastructure is backed by technologically advanced furnace, Clay Preparation Unit and other Hi tech Machinery for the efficient production of Bricks. Our well organized infrastructural base has played a vital role in strengthening the market position of the company.

Quality Assurance & Award

We are guided by a stringent quality control policy according to which various stringent quality tests are made at various levels of production. Due to exercising total quality control policy, we have been conferred with a Prestigious Award given by the Lok Sabha Speaker in 2003 during International Marathi Chambers of Commerce for Excellence in Construction Industry.

Packaging Unit

We have a spacious and well-furnished packaging unit to provide conventional packaging to the clays and bricks. The packaging facility enables us to provide customized packaging and delivering products safely to the desired destination.
