■ Rose Water

We are considered as one of the leading rose flower water suppliers in india. Our natural rose water is extracted from the portion of rose petals that assure its quality. Rose water is widely used in perfumes and adds to the flavor of many food items like gulab jamun, puddings and flavored milk. It is also an essential component of beauty products, as it adds softness of skin.

■ Ban Tusli

Today, we are counted among the major BAN TUSLI Oils Exporters and Suppliers, based in India.

This oil is processed with seven other ingredients extracted from green vanaspathi and seeds having potential medicinal value. It has diuretic properties and helps in nourishing. It is also considered good for throat and further acts as a tonic for heart.
