Kashan's Leather

ABOUT US

KASHAN'S LEATHER is an established name in the market involved in the manufacturing and supplying of high-quality finished leather. Our range includes Goat Finished Leather, Buffalo Finished Leather, Wet Blue Leather, Leather For Bags, Leather For Wallet, and Leather For Belt. We make use of only high quality material and machines for the production of the entire range of finished leather. Moreover, our product is thoroughly checked against different quality parameters before making the final dispatch. Place bulk as well as urgent orders of finished leather with us anytime of the year.

Established in 2018, **KASHAN'S LEATHER** is located in Kanpur (Uttar Pradesh, India). The company is flourishing well and within a very short time, we have attained a strong market position owing to the excellent quality and reasonable prices of our products.

PRODUCTION FACILITY

Our production facility is installed with all required amenities essential for the safe production of the entire lot of finished leather. We also keep our facility up to date as per the latest developments of the market.

QUALITY ASSURANCE

Quality is the major concern of our organization. We do not compromise on the quality of our leather and thus, we have hired a team of quality auditors to strictly check each and every product against different quality parameters.

PACKAGING & DELIVERY

We pack our product in quality packaging material ensuring their complete safety during handling and transit. In addition to this, we deliver the orders within the promised time frame to any location across the nation.
