KINGCROWN SHIPPING AND TRADING

is a Kakinada (Andhra Pradesh) based trading company and shipping services provider, having its business wings expanded all over India and abroad. The company serves as a pioneering supplier of premium quality industrial minerals ores, coal lumps, construction cement, and copper cathodes.

Kingcrown Shipping and Trading is a Kakinada (Andhra Pradesh) based trading company and shipping services provider, having its business wings expanded all over India and abroad. The company serves as a pioneering supplier of premium quality industrial minerals ores, coal lumps, construction cement, and copper cathodes. We are also known as an established service provider in the industry offering unparalleled bulk material handling services, liner shipping services, offshore services and ship chartering services. We are a reputed vessel's agency in the region, handling a comprehensive line up of chartering & logistics services. We have a full-functional bulk division that represents some of the most reputed bulk owners/charterers in the world, and we handle Aframax, Suezmax, Handy Size, Handymax, Supramax, Panamax, Kamasarmax, and Cape Size vessels.

Kingcrown Shipping and Trading was founded by Mr. Kiran, who is the Director of the organization back in the year 2015 with a view to serve patrons with a premium range of products and services. All our services and products have been appreciated for their superior quality and affordability.

Our Team

Our team comprises of qualified & experienced professionals from the respective fields of Port Operations / Agency / Chartering & Broking thus blending expertise from various allied & related disciplines.

Our Values

The management philosophy of the organization is focused on customers. Our guiding principles are honesty, integrity & transparency in dealings with principals and customers. The qualitative & personalized services offered by us enable our principals and customers to take the right decisions thereby making their dependable and trustworthy partner in India.
