## Our Infrastructure

We have a topnotch position with our infrastructure base. It consists of all the modern and latest technology machines. Our infrastructure has been segmented into many different parts according to their work. All the departments work in close coordination with each other. In adding to this, owing to these reasons, we have been able to deliver products within a limited time to attain complete satisfaction.

## Quality Assurance

Quality being our aim, we ensure stringent quality checking and measurements at every stage of production. To provide a qualitative range of products to our clients, we undertake extensive research activities that help us in keeping ourselves in line with the latest market demands and enhances our market value. The finished products are tested on various parameters due to which our wide array have gained huge accolades among our clients.

## Our Reliable Resources

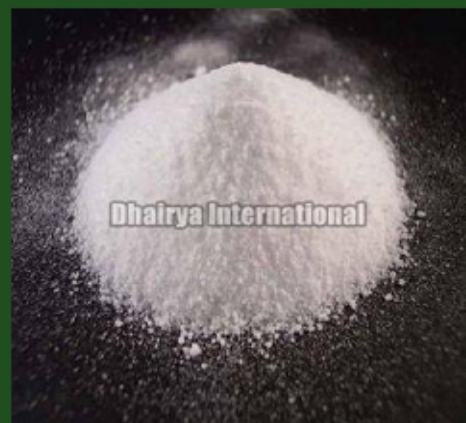

Dhairya International owns a large facility featuring different units for the ease of conducting trade operations. The facility is well managed by a group of professionals including Engineers, Quality Analysts, Technicians, Skilled and Semi-Skilled Workforce, and Sales and Marketing Executives.
