W. E. F 01-05-2018

List No. 22 / AA

## 1/2" DR. Brushless Cordless Impact Wrench

- Powerful motor with brushless design for maximum output torque
- Brushless motor provides greater working life time than brush motor
- Metal gearbox provides great efficient power transmission and durability of tools
- Aluminum front housing enhances excellent heat dispersion for increasing motor life
- Variable speed control for optimal performance during all applications
- One hand F/R switch design for easy one-hand operation
- Temperature and electric current overload protection
- LED switch on/off button
- Battery power indication
- Ergonomic comfort-grip handle to reduce user fatigue

High-performance

**Durable & Long Life Anvil**  
High quality material made durable anvil with special heat treatment

**Composite Grip Handle**  
Lightweight & Ergonomic designed steel / composite handle

**Durable Aluminum Housing**  
Super strong aluminum die-casting housing enhances excellent heat dispersion for increasing motor life

**One-Hand Switch Button**  
Unique F/R switch design for easy one-hand operation
