Welcome to Kled IOT Sensing Pvt. Ltd, your premier source for cutting-edge instrumentation solutions.

Our flagship product, the online moisture meter, serves as the cornerstone of our company's inception. Beyond our exceptional moisture meter, we boast extensive expertise in IoT projects, specializing in a wide array of cloud-based IoT applications. Our impressive clientele includes renowned names such as Indian Railway and Tata Steel.

At Kled IOT Sensing Pvt. Ltd, we are committed to providing top-tier instrumentation products, setting industry standards for quality and performance.

From our humble beginnings in Mumbai, we have traversed a remarkable journey of growth and expansion. Our reach now extends to branch offices in Kolkata, Coimbatore, Chennai, Delhi, and Vadodara. This strategic presence across key locations enables us to serve our clients efficiently and comprehensively.

We take immense pride in the diverse range of instrumentation solutions we offer. Established in 1989, KLED Measurement has been a prominent player in the manufacturing and trading of process control instruments. Our expertise spans a wide spectrum of process control instruments, ensuring that we can cater to the specific needs of our valued clients.

As an organization, we are dedicated to staying at the forefront of innovation and technological advancement in the field of instrumentation. We are committed to delivering not only products but also comprehensive solutions that meet and exceed the expectations of our clients.

Kled IOT Sensing Pvt. Ltd has been founded on principles of integrity, reliability, and commitment to excellence. Our client-centric approach ensures that we focus on building strong and enduring relationships with our customers.
