**Linoy Steel And Ferro Alloys** is one of the most promising names in the market of Guwahati. We are actively engaged in exporting and supplying superior quality ferro alloys and mild steel billets. We offer various ferro alloys such as silicon manganese, high carbon ferro manganese and ferro silicon manganese. The ferro alloys that we make available have accurate composition and the desirable properties. Our ferro alloys are recognized across the world for their excellent properties and specifications. Moreover, the mild steel billets that we make available are used in various industries for several applications. Our mild steel billets are largely appreciated for their high tensile strength, smooth finishing, exceptional resistance to corrosion and long service life. We procure our products from the most trusted vendors of the industry. Customers can place their orders now and rest assured for timely delivery and reasonable prices with us.

**Linoy Steel And Ferro Alloys** is a Guwahati (Assam, India) based company, which was incorporated in the year 2019. The company has become a notable name in the industry in a short span of time under the guidance of experienced mentors.

### **Major Markets**

Linoy Steel And Ferro Alloys has a huge clientele in Guwahati. Many people in other cities of Assam have also approached us on several occasions to purchase our products. Moreover, our products are widely availed by many clients in the countries of Europe, South East Asia and America.
