About Us

Jackson Laboratories Pvt. Ltd. is the well-known manufacturer, exporter, third party manufacturer, institutional supplier and PCD provider of a wide range of high-quality pharmaceutical tablets, capsules, eye, ear & nasal drops, dry powder and liquid oral suspensions, dry powder and liquid injections. Our pharmaceutical products are carefully prepared using quality chemicals and advanced machines. Also, we make sure that our products comply with all set quality standards. Our quality auditors check each and every product against diverse quality parameters. We make available our products in quality packaging of different quantities. Our products are reasonably priced.

Started its business way back in 1980, Jackson Laboratories Pvt. Ltd. is involved in offering only quality pharma products. The company has manufacturing facilities in Sansarpur Terrace (Himachal Pradesh, India) and holy city of Amritsar (Punjab, India) and flourishing under the guidance of the mentors, Mr. Jugal Kishore (MD), Mr. Sudhir Kumar (Marketing Director), Mr. Vivek Samra (Director), and Mr. Varun Samra (Director).

● Our Facility

We own a well-structured facility wherein we produce the entire range of pharmaceutical products using advanced machines.

We make sure to keep our facility fully equipped with all necessary amenities. Also, we maintain complete hygiene inside our facility.

● Quality Assurance

As we deal in pharma products, we keep a strict check on the quality of each product. We make sure to use only high-grade chemicals for the production. Also, we comply with the set quality standards of the pharma industry. We have especially hired a team of professional quality auditors for carrying out the quality checking process.
