Quality Steel Products is the leading manufacturer, exporter and supplier of refractory products & ferro alloys in Jamshedpur, Jharkhand. Our company was established in the year 2007 by our CEO Mr. Sanjay Kumar Singh and since then we are serving our clients with amazing quality products and services. We have an amazing list of products for our customers and clients across the country. Our products mainly include high carbon ferro manganese, silica ramming mass, basic ramming mass, nozzle filling compound, ladle covering compound and much more. Quality Steel Products is among the leading suppliers to industries such as Iron Making, Steel Making, Power and Engineering sector.

Our approach for exceeding the highest quality standards are the reason why our customers and clients choose us and deal with us. Our major markets add Jharkhand, Odisha, Karnataka and West Bengal. We are now aiming to increase our market reach to a global level so that we can serve better to international clients.

Quality Steel Products aim at customer satisfaction by meeting our customer needs with precisely the right solutions. As markets become increasingly global, customer needs are becoming more intricate and diverse. We meet these challenges by extending high quality support, encouraging feedback and ensuring maximum commitment and dedication from our side. This aspect has made us distinct from our peer companies and has helped us forge strong bonding with our customers over these years. We serve all kinds of small, medium and large scale industries.

- Premium quality products
- Competitive prices
- Delivery always On time.
- Comprehensive services and sales
- Customised products
- Global recognition
- Expansive Marketing and distribution
- Domain expertise.

Our Vision

Our vision is to become the benchmark for customised products and quality service so that we can create a good brand image of our company in the domestic and international market.

Our Values

We are passionate about the work we do and strive to continue offering more value to the requirements of our clients by providing quality products and services. We update ourselves with the latest technology and industrial needs.

- Protect the quality of the environment.
- Encourage innovation/creativity.

Mission

We aim to provide our customers with products that satisfy them and their needs. Order our products online and get it delivered on time. Feel free to ask any question and get the best solutions to your problems.

Lc-80 Alumina Castable for Dri Kiln

Type	➤ Lc-80
Application	➤ Industrial Use
Color	➤ Grey
Feature	➤ Superior Resistance To Temperature
Form	➤ Powder
Alumina Content	➤ 80%

Lc-60 Alumina Castable for Dri Kiln

Type	➤ Lc-60
Application	➤ Industrial Use
Color	➤ White
Feature	➤ Superior Resistance To Temperature
Form	➤ Powder
Alumina Content	➤ 60%

Lc-45 Alumina Castable for Dri Kiln

Type	➤ Lc-45
Application	➤ Industrial Use
Color	➤ Off White
Feature	➤ Superior Resistance To Temperature
Alumina Content	➤ 45%
Form	➤ Powder

High Carbon Ferro Manganese

Shape	➡	Lumps
Application	➡	Industrial
Color	➡	Grey
Feature	➡	High Composition
Texture	➡	Hard
Carbon	➡	6 - 8%
Size	➡	As per customer's request.
Packing	➡	As per customer's request.

Silico Manganese

Material	➡	Manganese
Application	➡	Industrial
Color	➡	Natural-grey
Form	➡	Lumps
Size	➡	As per customer's request.
Packing	➡	As per customer's request.

Silica Ramming Mass

SiO ₂ Content (%)	➡	98.5%
Grading	➡	0-5mm
Sintering Temp	➡	1200°C min & 1700°C max
Setting Material	➡	Ceramic
Packaging	➡	50kg Hdpe Bag
Application	➡	Dry Ramming

Basic Ramming Mass

MgO Content(%)	➡	>72%
Grading	➡	0-5mm
Sintering Temp	➡	800°C min & 1750°C max
Setting	➡	Ceramic Bonding
Packaging	➡	50kg Hdpe Bag
Application	➡	Dry Ramming

Nozzle Filling Compound

Application	➤	Industrial Use
Grade	➤	Technical Grade
Color	➤	Z-black
Form	➤	Powder
Packaging Type	➤	Plastic Barrels, Plastic Drums
Ash Content	➤	10-20%
Packaging Size	➤	25-50 Kg

Ladle Covering Compound

Application	➤	Industrial
Color	➤	Grey
Feature	➤	High Quality
Form	➤	Powder
Packaging Type	➤	Hdpe Bag, Plastic Packet
Packaging Size	➤	25-50 Kg

Casting Powder

Form	➤	Powder
Sio2	➤	30-33%
CaO	➤	28-30%
Al2O3	➤	4-6%
MgO	➤	2-4%
Packaging Size	➤	10kg Hdpe Bag

Tundish Board

Material	➤	Silica Based
Shape	➤	Rectangular
Application	➤	Industrial
Color	➤	Brown
Feature	➤	Accurate Dimensions
Finishing	➤	Coated

High Alumina Dense Castable

Application	➡	Refractory Material
Color	➡	Off White
Form	➡	Powder
Packaging Type	➡	Plastic Sacks
Packaging Size	➡	25 Kg, 50 Kg

Slide Gate Plate

Type	➡	Slide Gate Plates
Al2O3	➡	93.62%
MgO	➡	1.4%
Bulk Density	➡	3080kg/m3
Fixed Carbon	➡	4.52%
Shelf Life	➡	12 Months

Ladle Nozzle

Type	➡	Al2O3 - C Based Nozzle
Al2O3	➡	81.2%
Fe2O3	➡	0.44%
Bulk Density	➡	2850kg/m3
Shelf Life	➡	12 months
Application	➡	Slide Gate System in Steel Ladle for Continuous Casting

Collector Nozzle

Type	➡	Al2O3 - C Based Nozzle
Al2O3	➡	81.2%
Fe2O3	➡	0.44%
Bulk Density	➡	2850kg/m3
Shelf Life	➡	12 Months
Application	➡	Slide Gate System in Steel Ladle for Continuous Casting

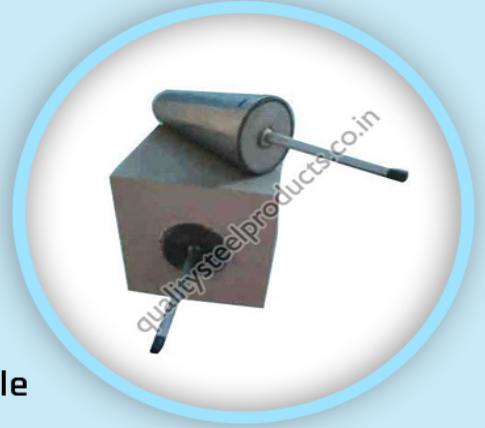

Tundish Nozzle

Shape	➤	Round
Application	➤	Industrial Use
Color	➤	Black
Feature	➤	Accurate Composition
Finishing	➤	Polished
Cardboard Packing	➤	HDPE Bag

Porous Plug

Type	➤	Porous Plug
MgO	➤	95%
Apparent Porosity	➤	25.4%
Air Flow Rate At 0.4kg/cm ²	➤	60ltrs/min
Shelf Life	➤	12 Months
Application	➤	Purging Plugs in Steel Ladle

Tundish Well Block

Type	➤	Alumina Based Seating Block
Al ₂ O ₃	➤	45.6%
Apparent Porosity	➤	19.8%
Bulk Density	➤	2220kg/m ³
Shelf Life	➤	12 months
Application	➤	Industrial

Seating Block Well Block

Type	➤	Pressed Well Block & Seating Block
Al ₂ O ₃	➤	73.4%
Apparent Porosity	➤	8.5%
Bulk Density	➤	2890kg/m ³
Shelf Life	➤	12 months
Application	➤	Industrial
